

# AK-47/74 MOE AK HANDGUARDS - MAGPUL MOE AK HANDGUARD M-LOK FOR AK47/74 BLACK

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The Magpul MOE AK Hand Guard is a replacement for standard AK pattern rifles WITHOUT a front sling loop on the hand guard retainer. However, for those weapons with a retaining cap sling loop the MOE AK Hand Guard may be utilized if the loop is removed. Due to the wide range of tolerances of your typical AK, minor fitting may be required. Not compatible with Yugo pattern rifles. Featuring an extended gripping portion, integrated heat shield, M-LOK mounting capability, and replacement gas tube cover, the MOE AK Hand Guard is an upgrade to any AK pattern rifle.

## Attributes

# Safety Instructions for Magpul MOE AK Handguard

## Introduction

Thank you for choosing the Magpul MOE AK Handguard. This product is designed to enhance the functionality and comfort of your AK47 and AK74 rifles. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the Magpul MOE AK Handguard is compatible with your specific AK pattern rifle before installation.
- Always handle firearms with care and ensure they are unloaded before making any modifications.
- Keep the handguard and all firearm accessories out of reach of children and unauthorized users.
- Regularly inspect the handguard for signs of wear or damage. If any issues are found, discontinue use immediately.
- Be aware of your local laws and regulations regarding firearm modifications and accessories.

## Specific Safety Precautions for Use

- Use the handguard only on AK47 and AK74 rifles that do not have a front sling loop. If your rifle has a retaining cap sling loop, ensure it is removed before installation.
- Minor fitting may be required due to the wide range of tolerances in AK pattern rifles. Take care to avoid excessive modifications that could compromise safety.
- Do not use the handguard with Yugo pattern rifles as it is not compatible.
- Avoid exposing the handguard to extreme heat or harsh chemicals, as this may damage the polymer material.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your rifle is unloaded and the chamber is clear.
- Gather necessary tools, which may include a screwdriver or Allen wrench, depending on your setup.

### 2. Removing the Old Handguard:

- If applicable, remove the existing handguard by loosening any screws or pins that hold it in place.
- Carefully slide the old handguard off the rifle body.

### 3. Installing the Magpul MOE AK Handguard:

- Align the new handguard with the rifle's mounting points.
- Slide the handguard into position, ensuring it fits securely.
- If required, reattach any screws or pins to secure the handguard in place.

### 4. Final Checks:

- Inspect the installation to ensure that the handguard is firmly attached and does not interfere with the operation of the rifle.
- Test the fit by gently pulling on the handguard to confirm it is securely mounted.

## 5. Usage:

- Use the handguard as intended, taking care to maintain a proper grip while handling the rifle.
- Regularly check the tightness of the handguard during use, especially after extensive shooting sessions.

## Disposal Instructions

- Dispose of the handguard in accordance with local regulations regarding plastic waste.
- Do not burn the handguard, as it is made of polymer and may release harmful fumes when incinerated.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the Magpul MOE AK Handguard, please refer to the manufacturer's website or contact your local distributor for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Magpul MOE AK Handguard. Thank you for prioritizing safety and compliance with regulations.
