The Magpul MOE AK Hand Guard is a replacement for standard AK pattern rifles WITHOUT a front sling loop on the hand guard retainer. However, for those weapons with a retaining cap sling loop the MOE AK Hand Guard may be utilized if the loop is removed. Due to the wide range of tolerances of your typical AK, minor fitting may be required. Not compatible with Yugo pattern rifles. Featuring an extended gripping portion, integrated heat shield, M-LOK mounting capability, and replacement gas tube cover, the MOE AK Hand Guard is an upgrade to any AK pattern rifle.
