

# HEX DRIVE OVERSIZE SLIM BUSHINGS - CHALLIS GRIPS 1911 HEX DRIVE GRIP BUSHING, SS, OVERSIZE, SLIM, 4 PACK

[Handgun Parts](#) > [Grip Parts](#) > [Grip Bushings](#)

Challis hex drive bushings are a breakthrough design, perfect for a custom build, replacing damaged bushings. Uses a 7/32" nut driver which allows you to feel thread engagement and avoid damaging cross threading, and the robust hex head will handle the torque needed for proper seating, without concern for distorting the bushing or slipping and scratching your gun. Using the same driver, they are easily removed with no risk to frame or bushing. Unlike the old style, Challis bushings can be reused multiple times. Hex drive bushings can be fit with an optional O-ring which keeps grips snugly in place and minimizes shock to the grips and bushings during discharge. Use of O-rings will reduce scuffing of the frame by G10 and other abrasive grips, protect fragile and expensive grips such as ivory and mammoth tooth, and minimize loosening of bushings caused by heavy grip materials such as G10, carbon fiber and aluminum. Using Challis grip screw O-rings with hex head bushings will provide additional shock absorbing protection for gun, grips and bushings. Requires 100-024-493 Challis Oversize Thread Bushing Tap

## Attributes

- Name: [CHALLIS GRIPS 1911 HEX DRIVE GRIP BUSHING, SS, OVERSIZE, SLIM, 4 PACK](#)
- Manufacturer: [CHALLIS GRIPS](#)

# Safety Instruction Guide for HEX DRIVE OVERSIZE SLIM BUSHINGS CHALLIS GRIPS 1911

## Introduction

Thank you for choosing the HEX DRIVE OVERSIZE SLIM BUSHINGS CHALLIS GRIPS 1911. This product is designed for enhancing the performance and safety of your firearm. It is important to read and understand these safety instructions to ensure proper use and maintenance.

## General Safety Guidelines

- Always ensure that your firearm is unloaded before installing or removing any components.
- Use the product only as intended and in accordance with the manufacturer's instructions.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the product for signs of wear or damage. Do not use damaged components.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use a 7/32" nut driver to ensure proper thread engagement and avoid damaging cross threading.
- Avoid overtorquing the bushings to prevent distortion or damage.
- When using Orings, ensure they are properly seated to minimize shock and prevent loosening.
- Be cautious when handling the firearm to prevent accidents during installation or removal of the bushings.
- Protect fragile grips, such as those made from ivory or mammoth tooth, by using Orings and avoiding abrasive materials.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is unloaded.
- Gather necessary tools, including a 7/32" nut driver and the Challis hex drive bushings.

### 2. Installation

- Align the bushings with the grip holes on your firearm.
- Using the 7/32" nut driver, gently tighten the bushings, ensuring they are properly seated without overtorquing.
- If using Orings, place them on the bushings before securing the grips to provide additional shock absorption.

### 3. Removal

- To remove the bushings, use the same 7/32" nut driver.
- Carefully unscrew the bushings to avoid damaging the frame or the bushings themselves.

### 4. Maintenance

- Regularly inspect the bushings for wear and replace them if necessary.
- Clean the bushings and Orings to ensure optimal performance.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings and Orings in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

For additional information or assistance regarding the HEX DRIVE OVERSIZE SLIM BUSHINGS CHALLIS GRIPS 1911, please refer to the manufacturer's website or contact the retailer where the product was purchased. Ensure that you have your purchase details ready for reference.

By following these safety instructions, you can ensure the safe and effective use of your HEX DRIVE OVERSIZE SLIM BUSHINGS CHALLIS GRIPS 1911. Thank you for prioritizing safety!
