

# OPTIC LEVELER - ARISAKA DEFENSE OPTIC LEVELER (SMALL)

[Gunsmith Tools](#) > [Sight & Scope Installation Tools](#) > [Scope Reticle Levelers](#)

The Arisaka Optic Leveler is an inexpensive, easy-to-use tool for leveling scopes mounted in rings or one-piece mounts. The base plate sits on the Picatinny rail or one-piece mount just below the turret cluster of the scope, and then the matching wedge is inserted from the side. As the 11 degree ramped surfaces of the wedge and base engage, the top of the wedge rises upwards and contacts the turret cluster, automatically leveling it. Space between rail/mount and turret cluster must be from 0.200" to 0.650". Some one-piece scope mounts like those made by Bobro may not have enough space, so be certain to check with your specific scope and mount. The leveler requires a flat surface directly below the turret cluster to function.

## Attributes

- Name: [ARISAKA DEFENSE OPTIC LEVELER \(SMALL\)](#)
- Manufacturer: [ARISAKA DEFENSE](#)
- Product no.: 100016976
- Mfr. No.: OL-SMALL
- Delivery weight: 0.02kg
- Shipping height: 19mm
- Shipping width: 51mm
- Shipping length: 104mm
- UPC: 642049503922

# Arisaka Defense Optic Leveler (Small) Safety Instruction Guide

## Introduction

Thank you for choosing the Arisaka Defense Optic Leveler (Small). This guide provides essential safety instructions and usage information to help you use this product safely and effectively. Please read this guide carefully before using the product to ensure a safe experience.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is to level scopes mounted in rings or onepiece mounts.
- Always inspect the product for any damage or defects before use. Do not use if the product is damaged.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Report any unsafe product incidents or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform regularly.

## Specific Safety Precautions for Use

- Verify that the space between the rail/mount and turret cluster is within the acceptable range of 0.200" to 0.650".
- Ensure that the surface directly below the turret cluster is flat for proper functionality.
- Be cautious when inserting the wedge from the side; ensure your fingers and other body parts are clear of moving parts.
- Avoid using the leveler on scopes that do not fit the specified requirements, as this may lead to improper leveling and potential damage to the scope or mount.
- If using with onepiece mounts, check compatibility with specific brands, such as Bobro, to avoid space issues.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the scope is securely mounted on the rail or onepiece mount.
- Clean the area of the rail or mount where the base plate will be placed.

### 2. Placement of Base Plate:

- Position the base plate of the optic leveler on the Picatinny rail or onepiece mount directly below the turret cluster of the scope.

### 3. Inserting the Wedge:

- Take the matching wedge and insert it from the side into the designated slot of the base plate.
- Ensure that the wedge is properly aligned with the ramped surfaces of the base plate.

### 4. Engaging the Leveler:

- As the wedge and base plate engage, the top of the wedge will rise and contact the turret cluster.
- Check that the turret cluster is automatically leveled. If not, recheck the installation and alignment.

### 5. Final Check:

- Once leveled, ensure that the leveler is stable and securely in place before proceeding with any shooting or adjustments.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and materials.
- Do not dispose of the product in regular household waste.
- If unsure about disposal methods, consult local waste management authorities for guidance.
