

SCAR FRONT AMBIDEXTROUS QUICK DETACH POINT - KINETIC DEVELOPMENT GROUP SCAR FRONT AMBIDEXTROUS QD POINT

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Tactical Sling Mounts](#)

Most shooters using the SCAR have struggled with different sling mounting solutions. The KDG designed Front Ambidextrous QD point (FAQP) mount is a deceptively simple designed solution for any SCAR owner. The Front Ambidextrous QD Point replaces the existing factory "HK" point piece with a QD mounting point on either side of the rifle. This has been designed to be a more rugged, streamlined mount that is failure proof and looks more like a factory part than a bulbous aftermarket accessory. You will look at the lines and style of your rifle so well you'll wonder why the SCAR wasn't designed with it! Works on all 7.62 and 5.56 SCAR models Black Anodized Replaces existing plate and HK style sling loops with two QD mounts. Easy Installation and removal of existing plate Solid billet construction machined from 6061 T6 aluminum Uses Existing Factory Screws for less parts and ease of installation Material: 6061-T6 Aluminum Finish: Non-Reflective Black Type III Hard-Coat Anodizing 100% Made in the USA

Safety Instructions for SCAR Front Ambidextrous Quick Detach Point

Introduction

Thank you for purchasing the SCAR Front Ambidextrous Quick Detach Point by Kinetic Development Group. This product is designed to enhance your shooting experience by providing a reliable sling mounting solution. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or removing the QD point.
- Regularly inspect the product for signs of wear or damage.
- Do not exceed the manufacturer's recommended weight limits for slings and attachments.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure the QD point is securely attached before using the sling.
- Avoid using the product with incompatible accessories that may compromise safety.
- Do not modify the QD point or its components in any way.
- Be cautious when using the sling in environments where it may become entangled.
- Always use the product in accordance with the manufacturer's instructions.

Instructions for Installation and Usage

Installation

1. **Tools Required:** You will need a basic screwdriver to remove the existing plate.
2. **Remove Existing Plate:**
 - Ensure the firearm is unloaded.
 - Use the screwdriver to remove the existing "HK" point piece from the SCAR.
3. **Install the QD Point:**
 - Align the SCAR Front Ambidextrous QD Point with the mounting holes.
 - Use the existing factory screws to secure the QD point in place.
 - Ensure that the QD point is firmly attached and does not move.

Usage

1. **Attaching the Sling:**
 - To attach a sling, press the QD swivel into the mounting point until you hear a click.
 - Ensure that the sling is securely attached before use.
2. **Detaching the Sling:**
 - To detach, press the release button on the QD swivel and pull it out of the mounting point.
3. **Regular Maintenance:**
 - Regularly check the tightness of the screws and the condition of the QD point.
 - Clean the product with a soft, dry cloth to remove dirt and debris.

Disposal Instructions

- Dispose of the product in accordance with local regulations for aluminum materials.

- Do not dispose of the product in regular household waste.
- If the product is damaged beyond repair, contact your local recycling facility for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the SCAR Front Ambidextrous Quick Detach Point, please refer to the manufacturer's website or contact their customer support for assistance. Always ensure you have the latest information regarding safety and product updates.

By following these guidelines, you will help ensure a safe and enjoyable experience with your SCAR Front Ambidextrous Quick Detach Point. Thank you for your attention to safety.
