

# RECON-S NO OFFSET SCOPE MOUNT - AMERICAN DEFENSE MANUFACTURING 30MM 20 MOA SCOPE MOUNT, BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

## Rock-Solid Mounts With Quick-Detach System

Quick-release lever-lock system clamps solidly to flattop rail and will not work loose even under heavy recoil—the more force acting on the lever, the tighter it locks. Depress the release tab to swing the lever open, and the mount easily lifts off the rifle. Adjustable with a flat head screwdriver or even a coin for an ultra-secure, no-slip fit on almost any Picatinny or Weaver-style rail, including over- or under-sized commercial rails. Lever may be configured to lock to the front or the rear to suit the operator's preference. Large locking bar on the side of the mount engages the maximum amount of rail area, while the crossbolt and two integral locking lugs ensure rock-solid engagement of rail slots to prevent movement under recoil. Five heavy duty steel hex head screws (three on top, two on bottom) clamp the vertically split ring halves together. Cutouts in the ring sides and in the base reduce weight without sacrificing strength. Quick-Release Scope Mount one-piece base with dual-lever system provides the same solid mounting and fast removal and reattachment.

## Attributes

- Name: [AMERICAN DEFENSE MANUFACTURING 30MM 20 MOA SCOPE MOUNT, BLACK](#)
- Manufacturer: [AMERICAN DEFENSE MANUFACTURING](#)
- Product no.: 100017126
- Mfr. No.: AD-RECON-S-20MO
- Elevation: 20 MOA
- Finish: Matte Black
- Height: -
- Make: -
- Scope Tube Diameter: 30mm
- Style: Picatinny, Quick Detach
- Delivery weight: 0.281kg
- Shipping height: 51mm
- Shipping width: 76mm

# RECONS NO OFFSET SCOPE MOUNT SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the RECONS No Offset Scope Mount from American Defense Manufacturing. This guide provides essential safety instructions and usage information to ensure your product is used safely and effectively. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that the scope mount is compatible with your rifle's rail system before installation.
- Always inspect the scope mount for any visible damage or wear before each use.
- Keep the scope mount and its components out of reach of children and vulnerable individuals.
- Do not modify the scope mount or its components in any way, as this may compromise safety and performance.
- In case of any malfunction or damage, cease use immediately and contact a qualified professional for assistance.

## Specific Safety Precautions for Use

- Always ensure that the mount is securely attached to the rifle before use. A loose mount can lead to misalignment and potential injury.
- Be aware of the recoil of your firearm; ensure the mount is properly locked to prevent movement during shooting.
- When adjusting the mount, use appropriate tools (flat head screwdriver or coin) to avoid damaging the locking mechanism.
- Avoid using the mount in extreme weather conditions that may affect its performance, such as heavy rain or snow.
- If you notice any unusual behavior from the scope mount while in use, stop using it immediately and inspect for issues.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the rifle is unloaded and pointed in a safe direction.
- Place the scope mount onto the Picatinny or Weaverstyle rail where you desire to mount it.
- Use a flat head screwdriver or coin to tighten the lever until it is secure. Ensure that the lever locks in place.
- Check that the mount is firmly attached by attempting to move it; it should not shift or wobble.

### 2. Usage

- To remove the mount, depress the release tab and swing the lever open. Lift the mount off the rail.
- When reattaching, repeat the installation steps to ensure a secure fit.
- Regularly check the tightness of the mount, especially after heavy use or if you change shooting conditions.

## Disposal Instructions

- Dispose of the scope mount in accordance with local regulations for aluminum and metal waste.
- If the product is damaged beyond repair, ensure it is disposed of in a manner that prevents any potential

hazards to the environment.

## **Contact Information for Further Support**

For any questions or concerns regarding the RECONS No Offset Scope Mount, please refer to the manufacturer's website or contact their customer support for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your RECONS No Offset Scope Mount. Thank you for your attention to safety.
