

# RECON-S NO OFFSET SCOPE MOUNT - AMERICAN DEFENSE MANUFACTURING 34MM 20 MOA SCOPE MOUNT, BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

## Rock-Solid Mounts With Quick-Detach System

Quick-release lever-lock system clamps solidly to flattop rail and will not work loose even under heavy recoil—the more force acting on the lever, the tighter it locks. Depress the release tab to swing the lever open, and the mount easily lifts off the rifle. Adjustable with a flat head screwdriver or even a coin for an ultra-secure, no-slip fit on almost any Picatinny or Weaver-style rail, including over- or under-sized commercial rails. Lever may be configured to lock to the front or the rear to suit the operator's preference. Large locking bar on the side of the mount engages the maximum amount of rail area, while the crossbolt and two integral locking lugs ensure rock-solid engagement of rail slots to prevent movement under recoil. Five heavy duty steel hex head screws (three on top, two on bottom) clamp the vertically split ring halves together. Cutouts in the ring sides and in the base reduce weight without sacrificing strength. Quick-Release Scope Mount one-piece base with dual-lever system provides the same solid mounting and fast removal and reattachment.

## Attributes

- Name: [AMERICAN DEFENSE MANUFACTURING 34MM 20 MOA SCOPE MOUNT, BLACK](#)
- Manufacturer: [AMERICAN DEFENSE MANUFACTURING](#)
- Product no.: 100017127
- Mfr. No.: AD-RECON-S-20MO
- Elevation: 20 MOA
- Finish: Matte Black
- Scope Tube Diameter: 34mm
- Style: Picatinny, Quick Detach
- Delivery weight: 0.287kg
- Shipping height: 57mm
- Shipping width: 89mm
- Shipping length: 197mm

# Safety Instructions for RECONS No Offset Scope Mount

## Introduction

Thank you for choosing the RECONS No Offset Scope Mount by American Defense Manufacturing. This product is designed to provide a secure and reliable mounting solution for your scope. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure safe use of the scope mount by following all instructions provided.
- Always inspect the scope mount before use to ensure it is free from damage.
- Be aware of potential hazards associated with improper installation or usage.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always use the scope mount in accordance with the manufacturer's guidelines.
- Ensure that the mount is securely attached to the rail before using the firearm.
- Avoid using excessive force when tightening screws to prevent damage.
- Do not modify the scope mount in any way, as this may compromise safety.
- Be cautious when handling the firearm with the mounted scope, especially under heavy recoil.

## Instructions for Installation and Usage

### 1. Inspection Before Installation

- Check the scope mount for any visible damage or defects.
- Ensure that all components are included and in good condition.

### 2. Installation Steps

- Position the scope mount on the desired location of the rail.
- Use a flat head screwdriver or coin to adjust the lever for a secure fit.
- Tighten the locking screws (three on top, two on bottom) to clamp the ring halves together.
- Ensure the large locking bar engages the rail properly.

### 3. Adjusting the Lever

- The lever can be configured to lock to the front or rear based on your preference.
- Ensure the lever is fully engaged before using the firearm.

### 4. Usage Tips

- After installation, doublecheck that the scope is securely mounted.
- Regularly inspect the mount for any signs of loosening or wear.
- If the mount shows any signs of damage or wear, discontinue use immediately.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling components where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the RECONS No Offset Scope Mount, please refer to the manufacturer's website or customer support for assistance.
