

RECON-S NO OFFSET SCOPE MOUNT - AMERICAN DEFENSE MANUFACTURING 35MM 20 MOA SCOPE MOUNT, BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

Rock-Solid Mounts With Quick-Detach System

Quick-release lever-lock system clamps solidly to flattop rail and will not work loose even under heavy recoil—the more force acting on the lever, the tighter it locks. Depress the release tab to swing the lever open, and the mount easily lifts off the rifle. Adjustable with a flat head screwdriver or even a coin for an ultra-secure, no-slip fit on almost any Picatinny or Weaver-style rail, including over- or under-sized commercial rails. Lever may be configured to lock to the front or the rear to suit the operator's preference. Large locking bar on the side of the mount engages the maximum amount of rail area, while the crossbolt and two integral locking lugs ensure rock-solid engagement of rail slots to prevent movement under recoil. Five heavy duty steel hex head screws (three on top, two on bottom) clamp the vertically split ring halves together. Cutouts in the ring sides and in the base reduce weight without sacrificing strength. Quick-Release Scope Mount one-piece base with dual-lever system provides the same solid mounting and fast removal and reattachment.

Attributes

- Name: [AMERICAN DEFENSE MANUFACTURING 35MM 20 MOA SCOPE MOUNT, BLACK](#)
- Manufacturer: [AMERICAN DEFENSE MANUFACTURING](#)
- Product no.: 100017128
- Mfr. No.: AD-RECON-S-20MOA-35-TAC
- Elevation: 20 MOA
- Finish: Matte Black
- Height: -

Safety Instruction Guide for RECONS NO OFFSET SCOPE MOUNT

Introduction

Thank you for choosing the RECONS NO OFFSET SCOPE MOUNT by American Defense Manufacturing. This guide provides essential safety instructions and usage information to ensure the safe and effective operation of your scope mount. Please read this guide carefully and keep it for future reference.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as a scope mount.
- Regularly inspect the scope mount for any signs of wear or damage before each use.
- Always follow the manufacturer's instructions for installation and usage.
- Keep the product out of reach of children and vulnerable individuals.
- In case of any accidents or unsafe product experiences, report them to the relevant authorities.
- Stay informed about any recall notices or safety alerts by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Installation Safety:**
 - Ensure the firearm is unloaded before installing the scope mount.
 - Use appropriate tools when adjusting or tightening screws to avoid overtightening, which can damage the mount or firearm.
- **Usage Safety:**
 - Regularly check the tightness of the mount and screws, especially after heavy use or recoil.
 - Be aware of the rifle's recoil and ensure the mount is securely attached to avoid any accidents.
 - Do not exceed the manufacturer's recommendations for scope weight and size.
- **Environmental Safety:**
 - Avoid exposing the scope mount to extreme temperatures or harsh chemicals that may affect its integrity.
 - Store the scope mount in a dry, cool place when not in use.

Instructions for Installation and Usage

Installation Steps

1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather necessary tools: a flat head screwdriver or a coin.

2. Mounting the Scope:

- Position the scope mount on the Picatinny or Weaverstyle rail.
- Align the mount according to your preference for locking (front or rear).
- Use the flat head screwdriver or coin to tighten the locking screws securely. Ensure the mount is firmly attached without overtightening.

3. **Attaching the Scope:**

- Place the scope into the ring halves of the mount.
- Adjust the ring screws to secure the scope in place, ensuring it is aligned properly for optimal use.

4. **Final Checks:**

- Doublecheck all screws and the mount's stability before using the firearm.
- Test the quickrelease lever to ensure it operates smoothly.

Usage Tips

- To detach the scope mount, depress the release tab and swing the lever open.
- Regularly check the scope alignment and make adjustments as necessary.
- After each use, inspect the mount for any signs of wear or damage.

Disposal Instructions

When disposing of the RECONS NO OFFSET SCOPE MOUNT, follow these guidelines:

- Do not dispose of the product in regular household waste.
- Check local regulations for proper disposal of aluminum and metal products.
- If the product is damaged or no longer usable, consider recycling the materials where facilities are available.

Contact Information for Further Support

For any inquiries regarding the RECONS NO OFFSET SCOPE MOUNT, please refer to the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety guidelines. Enjoy your shooting experience safely!
