

RECON H QUICK DETACH SCOPE MOUNTS - AMERICAN DEFENSE MANUFACTURING 34MM 0 MOA 2" CANTILEVER MOUNT, BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

Rock-Solid Mounts With Quick-Detach System

One-piece integral base and rings with dual-lever system provides a quick attach/detach platform for mounting optics onto flat-top-style AR-15s. Extra-high cantilever mount positions optics 2" forward, allowing you to get the eye relief you need. Precision machined from 6061 T6 aluminum and finished in hard coat T3 Mil-Spec anodize. Features ADM's Patented QD Auto Lock Lever system to accommodate both in spec and out of spec rail systems.

RECON H Quick Detach Scope Mounts Safety Instructions

Introduction

Thank you for choosing the RECON H Quick Detach Scope Mount from American Defense Manufacturing. This guide provides essential safety instructions to ensure the safe use and installation of your scope mount. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose: mounting optics on flattopstyle AR15s.
- Inspect the scope mount before each use for any signs of damage or wear. Do not use if damaged.
- Keep this product out of reach of children and vulnerable individuals.
- Always follow the manufacturer's instructions for installation and use.
- Be aware of your surroundings when using firearms equipped with mounted optics to ensure safety for yourself and others.

Specific Safety Precautions for Use

- **Hazard Identification:** Improper installation or use can lead to accidents or injury.
- **Avoid OverTightening:** When attaching the scope mount, do not overtighten the screws as this can damage the mount or the firearm.
- **Check Compatibility:** Ensure that the scope mount is compatible with your specific optics and firearm model.
- **Use in Safe Environment:** Always use the scope mount in a controlled and safe environment. Avoid using it in crowded or unsafe areas.
- **Regular Maintenance:** Periodically check the mount for tightness and secure attachment to the firearm.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench if available.
- Ensure the firearm is unloaded and pointed in a safe direction.

2. Installation:

- Remove the existing scope rings if applicable.
- Position the RECON H Quick Detach Scope Mount on the firearm's rail.
- Align the mount so that it is straight and level.
- Secure the mount using the duallever system provided. Tighten the levers until snug but do not overtighten.

3. Mounting the Optics:

- Place your optic in the mount and align it according to your shooting needs.
- Secure the optic using the provided rings, ensuring they are tightened adequately.

4. Final Checks:

- Verify that all components are securely attached.
- Check the eye relief and make adjustments as necessary for comfort and safety.

5. Usage:

- Once installed, practice using the firearm in a safe environment to become familiar with the mounted optics.
- Always ensure that the firearm is handled responsibly.

Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste and materials.
- Do not dispose of the product in regular household waste.
- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product concerns, please refer to the contact details provided on the packaging or visit the manufacturer's website for more information.

By following these safety instructions, you can ensure a safe and enjoyable experience with your RECON H Quick Detach Scope Mount. Thank you for your attention to safety.
