

EXTREME DUTY GUN GREASE - LUCAS OIL PRODUCTS EXTREME DUTY GUN GREASE 6 PACK

[Gun Cleaning & Chemicals](#) > [Oils & Lubricants](#) > [Lubricant & Protectant Oils](#)

Used and recommended by major firearms manufacturers, Lucas Extreme Duty Gun Grease is a premium, heavy duty firearm grease formulated with a unique additive system designed to provide maximum lubrication under the most severe operating conditions. This is true firearms grease, it was developed to lubricate and protect under the harshest heat, friction and pressures of sustained firing while reducing friction and wear. Its unique formulation is designed to prevent rust and corrosion from rain and moisture in fresh and saltwater environments. Application to metal surfaces and bores will prevent corrosion during both use and long term storage. Lucas Oil Extreme Duty Gun Grease withstands extreme pressures and cushions metal surfaces with an 80 LB Timken load (35 LB is the minimum industry standard). Lucas Oil Extreme Duty Gun Grease is recommended for all firearm types. It provides excellent lubrication and protection on shotguns, pistols and revolvers as well as full auto carbines, rifles and belt fed machine guns. Smooth tacky consistency stays where you apply it. Excellent rust protection. Prevents saltwater corrosion. Long lasting all-weather lubrication. Temperature range -20 to 540 F. Timken Load - 80 lbs (over twice the minimum industry standard). Weld Point - 620 Kg (over 3x the minimum industry standard).

EXTREME DUTY GUN GREASE Safety Instruction Guide

Introduction

Thank you for choosing Lucas Oil Extreme Duty Gun Grease. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the grease to understand how to protect yourself and your equipment.

General Safety Guidelines

- Always use the product in a wellventilated area to avoid inhalation of fumes.
- Keep the product out of reach of children and pets.
- Avoid contact with skin and eyes. In case of contact, rinse thoroughly with water.
- Do not ingest. If swallowed, seek medical attention immediately.
- Store the product in a cool, dry place away from direct sunlight and heat sources.
- Dispose of any unused or expired grease in accordance with local regulations.

Specific Safety Precautions for Use

- Use protective gloves and goggles when applying the grease to prevent skin and eye irritation.
- Do not apply the grease near open flames or high heat sources, as it is flammable.
- Ensure that the surfaces to be greased are clean and free from old grease, dirt, or debris.
- Avoid mixing with other lubricants or chemicals unless specified by the manufacturer.
- Test the grease on a small, inconspicuous area of the metal surface first to ensure compatibility.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials.
- Ensure that the firearm is unloaded and in a safe condition before applying the grease.

2. Application:

- Apply a small amount of Lucas Oil Extreme Duty Gun Grease to the desired metal surfaces and bores.
- Use a clean cloth or applicator to spread the grease evenly.
- Focus on areas that experience high friction and wear.

3. PostApplication:

- Allow the grease to settle for a few minutes before using the firearm.
- Regularly check the lubricated areas and reapply as necessary, especially after extended use or exposure to harsh conditions.

4. Cleaning:

- Clean any excess grease from the firearm with a suitable solvent or cleaner.
- Ensure that the firearm is properly maintained to ensure optimal performance.

Disposal Instructions

- Dispose of any unused grease and containers in accordance with local hazardous waste disposal regulations.
- Do not pour grease down drains or into the environment.
