

EXTREME DUTY BORE SOLVENT - LUCAS OIL PRODUCTS 4OZ EXTREME DUTY BORE SOLVENT 12/PACK

[Gun Cleaning & Chemicals](#) > [Solvents & Degreasers](#) > [Bore Solvents](#)

Used and recommended by major firearms manufacturers, Lucas Extreme Duty Bore Solvent & Ultrasonic Gun Cleaner is a premium blend of cleaning solvents and corrosion inhibitors. It easily removes carbon and powder residue from actions as well as copper and lead fouling from cylinders and barrels. The solvent based formula cleans deep to remove old oils and grease and provides a micro thin layer of rust and corrosion inhibitor on metal surfaces and bores. It is safe on polymers and factory applied firearm finishes. Lucas Extreme Duty Bore Solvent & Ultrasonic Gun Cleaner's solvent based formula was designed to thoroughly and efficiently clean firearms using an ultrasonic cleaner. Its high flash point makes it ideal for heated tank ultrasonic cleaners. The special formulation is designed to be used straight from the bottle without any messy mixing and without having to use a rinsing agent or lubrication dip, saving you time and money. After ultrasonic cleaning, simply remove your firearm, allow it to drip dry or used compressed air, lubricate per manufacturer's instructions and reassemble. Your firearm is clean, protected from corrosion inside and out, lubricated and ready for storage or carry. Cleans and protects your firearms, provides excellent rust protection. Low odor, pleasant grape scent, contains no ammonia, kerosene or water. Great for use in ultrasonic cleaners, solvent based formula requires no mixing, rinsing or oil dip after ultrasonic use, saving time and money. Ideal in heated units, flash point of 210° F is much safer than other products.

Safety Instruction Guide for EXTREME DUTY BORE SOLVENT

Introduction

Thank you for choosing Lucas Extreme Duty Bore Solvent & Ultrasonic Gun Cleaner. This product is designed to effectively clean and protect your firearms. Please read this safety instruction guide carefully to ensure safe and effective use.

General Safety Guidelines

- **Product Safety:** This product is intended for cleaning firearms and should be used as directed. Ensure safe handling to avoid any potential risks.
- **Enhanced Recalls:** In the event of safety concerns, stay informed about recalls through official channels.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety requirements.
- **Special Consumer Focus:** Keep this product out of reach of children and vulnerable individuals.
- **EU Contact Point:** For safety inquiries, refer to the designated contact point provided by the manufacturer.
- **Rapid Alerts:** Check the EU Safety Gate platform for updates on product safety.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The product contains solvents that may be harmful if inhaled or ingested.
 - Avoid skin contact to prevent irritation.
 - Use in a wellventilated area to minimize inhalation risks.
- **Avoiding Hazards:**
 - Do not use near open flames or sources of ignition due to the high flash point.
 - Store in a cool, dry place away from heat sources.
 - Always wear gloves and protective eyewear when using the product.
- **AgeSpecific Warnings:**
 - This product is not intended for use by individuals under the age of 18. Ensure adult supervision if used around younger individuals.

Instructions for Installation and Usage

- **Preparation:**
 - Ensure the firearm is unloaded and pointed in a safe direction.
 - Gather necessary materials: Lucas Extreme Duty Bore Solvent, gloves, protective eyewear, and an ultrasonic cleaner (if applicable).
- **Using the Product:**
 - Shake the bottle well before use.
 - Apply the solvent directly to the areas needing cleaning or pour it into the ultrasonic cleaner as per the manufacturer's instructions.
 - For ultrasonic cleaning, allow the firearm to soak for the recommended duration.
 - After cleaning, remove the firearm and allow it to drip dry or use compressed air to expedite drying.
 - Lubricate the firearm per the manufacturer's instructions before reassembly.
- **PostUse Care:**
 - Wash hands thoroughly after handling the product.
 - Store the product in its original container with the lid tightly closed.

Disposal Instructions

- Dispose of any unused product and empty containers in accordance with local regulations.
- Do not pour solvents down the drain or throw them in regular trash. Contact local waste management for proper disposal methods.

Contact Information for Further Support

For additional safety information or inquiries about this product, please refer to the contact details provided on the product label or the manufacturer's website.

By following these guidelines, you can ensure safe and effective use of Lucas Extreme Duty Bore Solvent & Ultrasonic Gun Cleaner. Thank you for your attention to safety.
