

EXTREME DUTY BORE SOLVENT - 16OZ EXTREME DUTY BORE SOLVENT

[Gun Cleaning & Chemicals](#) > [Solvents & Degreasers](#) > [Bore Solvents](#)

Used and recommended by major firearms manufacturers, Lucas Extreme Duty Bore Solvent & Ultrasonic Gun Cleaner is a premium blend of cleaning solvents and corrosion inhibitors. It easily removes carbon and powder residue from actions as well as copper and lead fouling from cylinders and barrels. The solvent based formula cleans deep to remove old oils and grease and provides a micro thin layer of rust and corrosion inhibitor on metal surfaces and bores. It is safe on polymers and factory applied firearm finishes. Lucas Extreme Duty Bore Solvent & Ultrasonic Gun Cleaner's solvent based formula was designed to thoroughly and efficiently clean firearms using an ultrasonic cleaner. Its high flash point makes it ideal for heated tank ultrasonic cleaners. The special formulation is designed to be used straight from the bottle without any messy mixing and without having to use a rinsing agent or lubrication dip, saving you time and money. After ultrasonic cleaning, simply remove your firearm, allow it to drip dry or used compressed air, lubricate per manufacturer's instructions and reassemble. Your firearm is clean, protected from corrosion inside and out, lubricated and ready for storage or carry. Cleans and protects your firearms, provides excellent rust protection. Low odor, pleasant grape scent, contains no ammonia, kerosene or water. Great for use in ultrasonic cleaners, solvent based formula requires no mixing, rinsing or oil dip after ultrasonic use, saving time and money. Ideal in heated units, flash point of 210° F is much safer than other products.

Attributes

- Name: [16OZ EXTREME DUTY BORE SOLVENT](#)
- Manufacturer: [LUCAS OIL PRODUCTS](#)
- Product no.: 100017505
- Mfr. No.: 10918

Safety Instruction Guide for EXTREME DUTY BORE SOLVENT 16OZ

Introduction

Thank you for choosing Lucas Extreme Duty Bore Solvent & Ultrasonic Gun Cleaner. This product is designed to effectively clean and protect your firearms. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always store this product in a cool, dry place away from direct sunlight.
- Keep the product out of reach of children and pets.
- Ensure proper ventilation when using the solvent, especially in enclosed spaces.
- Do not use the product near open flames or high heat sources.
- Always follow the manufacturer's instructions for use and storage.
- If you suspect the product is damaged or leaking, do not use it and dispose of it safely.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):**

- Wear gloves and safety goggles to prevent skin and eye contact.
- Consider using a mask or respirator if you are sensitive to odors or fumes.

- **Handling and Application:**

- Use the solvent in a wellventilated area to minimize inhalation risks.
- Avoid contact with skin and eyes. In case of contact, rinse immediately with plenty of water and seek medical attention if irritation persists.
- Do not ingest the product. If ingested, seek medical attention immediately.

- **Fire Safety:**

- The product has a high flash point of 210° F, making it safer than many other solvents, but it is still flammable. Keep away from heat sources.
- In case of fire, use appropriate extinguishing media (e.g., foam, dry chemical, carbon dioxide).

Instructions for Installation and Usage

- **Preparation:**

- Shake the bottle gently before use to ensure proper mixing of the solvent.
- Ensure your firearm is unloaded and in a safe condition before cleaning.

- **Cleaning Process:**

- Pour the desired amount of Lucas Extreme Duty Bore Solvent into your ultrasonic cleaner.
- Submerge the firearm parts in the cleaning solution.
- Turn on the ultrasonic cleaner and allow it to run according to the manufacturer's recommendations.
- After cleaning, remove the firearm parts and allow them to drip dry or use compressed air to speed up drying.

- **PostCleaning:**

- Once dry, lubricate the firearm as per the manufacturer's instructions.
- Reassemble the firearm and ensure it is functioning properly before storage or use.

Disposal Instructions

- Dispose of any unused product and cleaning residues in accordance with local regulations.
- Do not pour the solvent down drains or dispose of it in regular household waste.
- Check with your local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding the safety or usage of Lucas Extreme Duty Bore Solvent & Ultrasonic Gun Cleaner, please consult the product packaging or visit the manufacturer's website for more information.

Note: Always stay informed about product recalls and safety alerts. You can report any unsafe products or incidents to the appropriate authorities. Regularly check the EU's Safety Gate platform for updates on product safety.
