

# EXTREME DUTY BORE SOLVENT - LUCAS OIL PRODUCTS 64OZ

## EXTREME DUTY BORE SOLVENT

[Gun Cleaning & Chemicals](#) > [Solvents & Degreasers](#) > [Bore Solvents](#)

Used and recommended by major firearms manufacturers, Lucas Extreme Duty Bore Solvent & Ultrasonic Gun Cleaner is a premium blend of cleaning solvents and corrosion inhibitors. It easily removes carbon and powder residue from actions as well as copper and lead fouling from cylinders and barrels. The solvent based formula cleans deep to remove old oils and grease and provides a micro thin layer of rust and corrosion inhibitor on metal surfaces and bores. It is safe on polymers and factory applied firearm finishes. Lucas Extreme Duty Bore Solvent & Ultrasonic Gun Cleaner's solvent based formula was designed to thoroughly and efficiently clean firearms using an ultrasonic cleaner. Its high flash point makes it ideal for heated tank ultrasonic cleaners. The special formulation is designed to be used straight from the bottle without any messy mixing and without having to use a rinsing agent or lubrication dip, saving you time and money. After ultrasonic cleaning, simply remove your firearm, allow it to drip dry or used compressed air, lubricate per manufacturer's instructions and reassemble. Your firearm is clean, protected from corrosion inside and out, lubricated and ready for storage or carry. Cleans and protects your firearms, provides excellent rust protection. Low odor, pleasant grape scent, contains no ammonia, kerosene or water. Great for use in ultrasonic cleaners, solvent based formula requires no mixing, rinsing or oil dip after ultrasonic use, saving time and money. Ideal in heated units, flash point of 210° F is much safer than other products.

### Attributes

- Name: [LUCAS OIL PRODUCTS 64OZ EXTREME DUTY BORE SOLVENT](#)
- Manufacturer: [LUCAS OIL PRODUCTS](#)
- Product no.: 100017507
- Mfr. No.: 10909
- Size: 64 oz.
- Delivery weight: 1.755kg
- Shipping height: 762mm
- Shipping width: 76mm
- Shipping length: 127mm
- UPC: 049807109097

# Safety Instruction Guide for Lucas Extreme Duty Bore Solvent

## Introduction

Thank you for choosing Lucas Extreme Duty Bore Solvent & Ultrasonic Gun Cleaner. This product is designed to effectively clean and protect your firearms. Please read this safety instruction guide carefully to ensure safe and effective use.

## General Safety Guidelines

- Ensure safe use of the product by following these basic guidelines:
  - Always read the label and product information before use.
  - Keep the product out of reach of children and pets.
  - Store the product in a cool, dry place away from direct sunlight.
  - Do not use the product for any purpose other than its intended use.
  - In case of accidental ingestion or contact with eyes, seek medical attention immediately.
- Be aware of potential hazards:
  - This product contains solvents that may be harmful if inhaled or ingested.
  - Prolonged skin contact may cause irritation.
  - Use in a wellventilated area to minimize inhalation risks.

## Specific Safety Precautions for Use

- Before using Lucas Extreme Duty Bore Solvent, please observe the following precautions:
  - Wear appropriate personal protective equipment (PPE), including gloves and safety goggles.
  - Avoid contact with skin and eyes. If contact occurs, rinse thoroughly with water.
  - Do not smoke or use near open flames, as the product is flammable.
  - Use only in accordance with the manufacturer's instructions.
- Special considerations:
  - This product is not intended for use by children. Ensure adult supervision if used in environments accessible to minors.

## Instructions for Installation and Usage

- To use Lucas Extreme Duty Bore Solvent effectively, follow these steps:
  1. Shake the bottle gently before use.
  2. Apply the solvent directly to the areas needing cleaning, such as barrels and cylinders.
  3. Allow the solvent to penetrate for a few minutes to loosen fouling.
  4. For ultrasonic cleaning, pour the solvent into the ultrasonic cleaner according to the manufacturer's instructions.
  5. After cleaning, remove the firearm and allow it to drip dry or use compressed air to expedite drying.
  6. Lubricate the firearm as per the manufacturer's instructions before reassembling.

- Maintenance tips:
  - Regularly check the solvent level in the bottle and replace as needed.
  - Clean the ultrasonic cleaner according to the manufacturer's guidelines to maintain optimal performance.

## Disposal Instructions

- Dispose of any unused or expired product responsibly:
  - Do not pour down the drain or dispose of in regular household waste.
  - Follow local regulations for hazardous waste disposal.
  - Contact your local waste management authority for specific disposal instructions.

## Contact Information for Further Support

- For safety inquiries or additional information, please refer to the product label for contact details of the manufacturer or distributor.

## Conclusion

By following these safety instructions, you can ensure a safe and effective experience with Lucas Extreme Duty Bore Solvent & Ultrasonic Gun Cleaner. Always prioritize safety and adhere to the guidelines provided to protect yourself and your environment. Thank you for choosing Lucas Oil Products.
