

EXTREME DUTY CLP - LUCAS OIL PRODUCTS EXTREME DUTY CLP 4OZ

[Gun Cleaning & Chemicals](#) > [Oils & Lubricants](#) > [Lubricant & Protectant Oils](#)

Used and recommended by major firearms manufacturers, Lucas Oil Extreme Duty CLP is designed to clean, lubricate and protect your firearms in one simple step. It contains high grade additives that dissolve powder residue, old lubrication and other contaminants. It penetrates deep into rust to help clean neglected firearms and free rusted parts and actions. Extreme Duty CLP's superior anti-wear additives reduce friction and wear while the unique waterproof, super slick film resists blow out and extends firearm life and runtime. The special formulation leaves behind a microscopic layer of protection against rust and corrosion caused by handling, fingerprints, moisture and harsh environments, including salt water. Used by major firearms manufacturers to coat and protect firearms prior to shipping, the solvent based Extreme Duty CPL aerosol contains a unique drying agent that leaves your firearm clean and protected from rust and corrosion without any gummy residue. Cleans and protects your firearms in one easy step. Penetrates deep into rusted firearms, freeing stuck parts and aids in cleaning. Provides long-lasting protection from rust. Great for general shop and home use too.

Safety Instruction Guide for EXTREME DUTY CLP LUCAS OIL PRODUCTS

Introduction

Thank you for choosing EXTREME DUTY CLP by Lucas Oil Products. This product is designed to clean, lubricate, and protect your firearms effectively. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure safe use of this product by following all instructions.
- Keep the product out of reach of children and vulnerable groups.
- Store in a cool, dry place away from direct sunlight and heat sources.
- Always use the product in a wellventilated area to avoid inhalation of vapors.
- Check for any product recalls or safety alerts on the EU Safety Gate platform.

Specific Safety Precautions for Use

- Avoid contact with skin and eyes. In case of contact, rinse thoroughly with water and seek medical attention if irritation persists.
- Do not ingest. If swallowed, seek medical help immediately.
- Use protective gloves and eyewear when applying the product to prevent skin and eye irritation.
- Do not spray towards open flames or hot surfaces.
- Ensure that the firearm is unloaded and pointed in a safe direction before applying the product.
- Do not mix with other chemicals or products unless specified by the manufacturer.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and in a safe position.
- Shake the canister well before use.

2. Application:

- Hold the canister approximately 612 inches from the surface to be treated.
- Spray evenly over the surface, ensuring complete coverage.
- Allow the product to penetrate for a few minutes for optimal cleaning and lubrication.

3. PostApplication:

- Wipe excess product with a clean cloth.
- Ensure all parts are free of residue before using the firearm.
- Store the product in its original container with the lid tightly closed.

Disposal Instructions

- Dispose of the product in accordance with local regulations for hazardous waste.
- Do not pour down drains or dispose of in regular household waste.
- Ensure the canister is empty before recycling, if applicable.

Contact Information for Further Support

For any safety inquiries or support, please refer to the product packaging for contact information or consult the manufacturer's website.

By following these safety instructions, you can ensure the effective and safe use of EXTREME DUTY CLP. Thank you for your attention to safety.
