

# EXTREME DUTY CLP - LUCAS OIL PRODUCTS EXTREME DUTY CLP 4OZ 12 PACK

[Gun Cleaning & Chemicals](#) > [Oils & Lubricants](#) > [Lubricant & Protectant Oils](#)

Used and recommended by major firearms manufacturers, Lucas Oil Extreme Duty CLP is designed to clean, lubricate and protect your firearms in one simple step. It contains high grade additives that dissolve powder residue, old lubrication and other contaminates. It penetrates deep into rust to help clean neglected firearms and free rusted parts and actions. Extreme Duty CLP's superior anti-wear additives reduce friction and wear while the unique waterproof, super slick film resists blow out and extends firearm life and runtime. The special formulation leaves behind a microscopic layer of protection against rust and corrosion caused by handling, fingerprints, moisture and harsh environments, including salt water. Used by major firearms manufacturers to coat and protect firearms prior to shipping, the solvent based Extreme Duty CPL aerosol contains a unique drying agent that leaves your firearm clean and protected from rust and corrosion without any gummy residue. Cleans and protects your firearms in one easy step.

Penetrates deep into rusted firearms, freeing stuck parts and aids in cleaning. Provides long-lasting protection from rust. Great for general shop and home use too.

# Safety Instruction Guide for EXTREME DUTY CLP

## Introduction

Thank you for choosing Lucas Oil Products EXTREME DUTY CLP. This product is designed to clean, lubricate, and protect your firearms in one simple step. To ensure your safety and the effective use of this product, please read the following safety instructions carefully.

## General Safety Guidelines

- Ensure safe use of all nonfood products, including this firearm lubricant, by following the guidelines below.
- Be aware of potential risks associated with the use of this product and other nonfood items.
- Regularly check for recall updates on the EU's Safety Gate platform to stay informed about any safety issues related to this product.
- If you encounter any unsafe products or accidents, report them to the appropriate authorities.

## Specific Safety Precautions for Use

- Keep out of reach of children and vulnerable individuals.
- Avoid contact with skin and eyes. In case of contact, rinse thoroughly with water and seek medical advice if irritation persists.
- Use in a wellventilated area to avoid inhalation of vapors.
- Do not ingest. If swallowed, seek medical attention immediately.
- Store in a cool, dry place away from direct sunlight and heat sources.
- Ensure that the product cap is tightly sealed when not in use to prevent leakage.
- Do not use near open flames or sparks as the product is flammable.
- Always wear protective gloves and eyewear when handling the product to minimize exposure.

## Instructions for Installation and Usage

- Shake the canister well before use to ensure proper mixing of the ingredients.
- Hold the canister upright and spray a thin, even layer of EXTREME DUTY CLP onto the firearm parts that require cleaning and lubrication.
- Allow the product to penetrate for a few minutes to effectively dissolve powder residue and other contaminants.
- Wipe away excess lubricant with a clean cloth to prevent buildup.
- For rusted or neglected firearms, apply the product generously and allow it to sit for a longer period before wiping off.
- Ensure that the firearm is unloaded and pointed in a safe direction before applying the product.
- After use, clean the nozzle of the canister to prevent clogging.

## Disposal Instructions

- Dispose of empty canisters and any unused product in accordance with local regulations.
- Do not dispose of the product in household waste. Check with local waste management for proper disposal methods.
- Ensure that the product does not enter water sources or drainage systems.

## Contact Information for Further Support

For any inquiries regarding safety or product usage, please contact the manufacturer directly. Ensure you have your product details ready for a more efficient response.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure the safe and effective use of Lucas Oil Products EXTREME DUTY CLP for your firearms.
