

# **RED M&P SHIELD ACTION ENHANCEMENT TRIGGER - APEX TACTICAL SPECIALTIES INC RED M&P SHIELD ACTION ENHANCEMENT TRIGGER ONLY**

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

The Shield Action Enhancement Trigger Kit directly replaces the factory hinged trigger with a red anodized, solid aluminum trigger body which reduces pre-travel and over-travel by approximately 20%. It features a smooth face with a center mounted pivoting safety that maintains factory safety values. The center mounted pivoting safety bar prevents unintended operation by creating a trigger block that will not disengage unless the shooter places their finger directly on the trigger face. The Apex Shield Duty/Carry Kit was designed to provide the M&P Shield pistol owner a smooth, consistent trigger pull that is approximately 2 lbs lighter(based on variations in factory tolerances) with the advantages of shorter over-travel and more detectable trigger reset. The kit itself is engineered to be drop-in and should not require further gunsmithing. However, Armorer or gunsmith installation of the Ultimate Striker Block into the Shield slide is strongly recommended. The Shield Action Enhancement Trigger Only is perfect for use with the M&P Shield already equipped with the apex Shield Duty/Carry Kit. Works with all Smith & Wesson M&P Shield pistols in 9mm and .40 calibers, does not work in the Shield 45.

## **Attributes**

# Safety Instruction Guide for RED M&P SHIELD ACTION ENHANCEMENT TRIGGER

## Introduction

Thank you for choosing the RED M&P SHIELD ACTION ENHANCEMENT TRIGGER from APEX TACTICAL SPECIALTIES INC. This product is designed to enhance your shooting experience by providing a smoother and more consistent trigger pull. However, it is essential to follow safety guidelines to ensure safe and effective use. This guide provides important safety instructions, installation procedures, and disposal information to help you use this product responsibly.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your M&P Shield pistol before installing or using the trigger.
- Always treat every firearm as if it is loaded.
- Keep your finger off the trigger until you are ready to shoot.
- Store the trigger and firearm securely to prevent unauthorized access, especially from children.
- Regularly inspect your firearm and trigger for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Be aware of your surroundings and ensure a safe environment when handling firearms.

## Specific Safety Precautions for Use

- Do not attempt to install or use the trigger if you are not confident in your ability to do so safely.
- Always wear appropriate safety gear, including eye and ear protection, when using firearms.
- Ensure that the firearm is unloaded before beginning the installation process.
- If you experience any malfunctions or issues with the trigger, cease use immediately and consult a qualified gunsmith or armorer.
- The trigger is designed for use with M&P Shield pistols in 9mm and .40 calibers only. Do not use with Shield 45 models.
- Ensure that the trigger safety features are functioning correctly before use.

## Instructions for Installation and Usage

### Installation

#### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a small punch and a hammer.

#### 2. Remove the Factory Trigger:

- Disassemble the M&P Shield according to the manufacturer's instructions.
- Use the punch to carefully remove the trigger pivot pin and detach the factory trigger.

#### 3. Install the Apex Trigger:

- Align the new RED M&P SHIELD ACTION ENHANCEMENT TRIGGER with the trigger bar and pivot pin hole.
- Insert the pivot pin to secure the trigger in place.

#### **4. Check Safety Features:**

- Verify that the centermounted pivoting safety functions correctly and that it blocks the trigger when not activated.

#### **5. Reassemble the Firearm:**

- Follow the manufacturer's instructions to reassemble the M&P Shield.
- Ensure that all components are correctly installed and functioning.

### **Usage**

- When using the firearm equipped with the new trigger, ensure that you are comfortable with the changes in trigger pull weight and travel.
- Practice safe handling and shooting techniques at all times.
- Regularly check the trigger for any signs of wear or issues during cleaning and maintenance.

### **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding electronic and metal waste.
- Do not dispose of the product in household waste or landfills.
- If unsure about disposal methods, consult local waste management authorities for guidance.

### **Contact Information for Further Support**

For any questions, concerns, or issues regarding the RED M&P SHIELD ACTION ENHANCEMENT TRIGGER, please refer to the manufacturer's website or customer support resources. It is important to ensure that you have access to reliable information and assistance regarding your product.

By following these safety instructions and guidelines, you can enjoy the benefits of your RED M&P SHIELD ACTION ENHANCEMENT TRIGGER while ensuring safe and responsible use. Always prioritize safety and stay informed about best practices in firearm handling and maintenance.
