

# TRIM-IT II CASE TRIMMER - ACT COLEMAN 223 REMINGTON CALIBER DIE

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Case Trimmers](#)

The TRIM-IT II mounts to any standard drill or drill press, making your case trimming faster and a whole lot easier. The adjustable 3-way cutter features a 3-sided carbide blade that allows you to trim, chamfer, and de-burr virtually any caliber of rifle or pistol brass. It features a built-in micrometer that allows for supremely accurate cut-length control and quick adjustability. The TRIM-IT II is not caliber specific, interchangeable dies are available but sold separately.

# TRIMIT II Case Trimmer Safety Instructions

## Introduction

Thank you for purchasing the TRIMIT II Case Trimmer by ACT Coleman. This product is designed to make case trimming faster and easier for both novice and experienced users. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always read and understand all instructions before using the TRIMIT II Case Trimmer.
- Ensure that the product is used in accordance with the manufacturer's guidelines to prevent accidents and injuries.
- Keep the product out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety goggles and gloves when operating the trimmer.
- Be aware of your surroundings and ensure that the work area is clean and free from obstructions.
- Regularly inspect the trimmer for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the drill or drill press used to mount the TRIMIT II is in good working condition.
- Always secure the case being trimmed to prevent it from slipping during operation.
- Do not exceed the recommended speed settings of your drill or drill press.
- Avoid direct contact with the cutter blade while the trimmer is in operation.
- Do not attempt to modify or alter the TRIMIT II or its components.
- Always disconnect the power source before making adjustments or changing dies.

## Instructions for Installation and Usage

### Installation

#### 1. Mounting the TRIMIT II:

- Securely attach the TRIMIT II to a standard drill or drill press according to the manufacturer's instructions.
- Ensure that it is firmly in place to avoid any movement during operation.

#### 2. Adjusting the Cutter:

- Use the builtin micrometer to set the desired cutlength.
- Make sure the cutter is properly aligned before starting the trimming process.

### Usage

#### 1. Preparing the Brass:

- Inspect the brass cases for any damage or defects before trimming.
- Clean the brass to remove any debris that may interfere with the trimming process.

#### 2. Trimming the Brass:

- Insert the brass case into the TRIMIT II.
- Start the drill or drill press and allow the cutter to engage with the brass.

- Monitor the trimming process to ensure a consistent cut.

### **3. PostOperation:**

- Once trimming is complete, turn off the drill or drill press and disconnect the power.
- Carefully remove the trimmed brass from the TRIMIT II.
- Clean the trimmer and surrounding area to maintain a safe workspace.

## **Disposal Instructions**

- Dispose of any waste materials, including trimmed brass shavings, in accordance with local regulations.
- Do not dispose of the TRIMIT II in regular household waste. Check with local disposal facilities for proper recycling or disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the TRIMIT II Case Trimmer, please refer to the manufacturer's website or customer support resources for additional assistance.

Thank you for following these safety instructions. Enjoy using your TRIMIT II Case Trimmer safely and effectively!
