

# TRIM-IT II CASE TRIMMER - ACT COLEMAN .534" DIAMETER CALIBER DIE

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Case Trimmers](#)

The TRIM-IT II mounts to any standard drill or drill press, making your case trimming faster and a whole lot easier. The adjustable 3-way cutter features a 3-sided carbide blade that allows you to trim, chamfer, and de-burr virtually any caliber of rifle or pistol brass. It features a built-in micrometer that allows for supremely accurate cut-length control and quick adjustability. The TRIM-IT II is not caliber specific, interchangeable dies are available but sold separately.

# TRIMIT II Case Trimmer Safety Instructions

## Introduction

Thank you for choosing the TRIMIT II Case Trimmer by ACT COLEMAN. This product is designed to make case trimming faster and easier. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that the TRIMIT II is used only with a compatible drill or drill press.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when operating the trimmer.
- Keep your work area clean and welllit to prevent accidents.
- Never operate the TRIMIT II if you are tired or under the influence of alcohol or drugs.
- Be aware of your surroundings and ensure that bystanders are at a safe distance while operating the trimmer.
- Regularly inspect the TRIMIT II for any signs of wear or damage before use.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Sharp blades: The carbide blade is sharp and can cause cuts.
- Moving parts: Keep fingers and hands clear of moving parts during operation.
- Dust and debris: Trimming can produce brass shavings; avoid inhalation and contact with skin.

- **Avoiding Hazards:**

- Always disconnect the drill from the power source when changing dies or making adjustments.
- Use the builtin micrometer to ensure precise adjustments and avoid overtrimming.
- Do not exceed the recommended speed settings of the drill or drill press.
- If the cutter becomes jammed, turn off the drill and disconnect it before attempting to clear the jam.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the drill or drill press is unplugged.
- Attach the TRIMIT II to the drill chuck securely, following the manufacturer's instructions for your specific drill model.
- Adjust the depth of cut using the builtin micrometer according to your trimming requirements.

### 2. Usage:

- Plug in the drill or drill press and ensure it is on a stable surface.
- Hold the case firmly against the cutter to ensure a clean and even cut.
- Activate the drill and allow the cutter to trim the case without applying excessive pressure.
- After trimming, turn off the drill and carefully remove the case from the cutter.

### 3. PostUse Care:

- Clean the TRIMIT II after each use to remove brass shavings and debris.

- Store the trimmer in a safe, dry place away from children and unauthorized users.

## **Disposal Instructions**

- Dispose of the TRIMIT II according to local regulations for electronic waste.
- Ensure that any sharp components are safely contained to prevent injury during disposal.

## **Contact Information for Further Support**

For any inquiries regarding safety or product use, please refer to the manufacturer's contact details provided in the product packaging or visit the official website.

By following these safety instructions, you can ensure a safe and enjoyable experience with your TRIMIT II Case Trimmer. Thank you for your attention to safety!
