

AR-15/M4 MOE-SL MID-LENGTH HANDGUARDS - MAGPUL MOE-SL HANDGUARD M-LOK MID-LENGTH FOR AR-15 ODG

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The MOE SL Hand Guard for AR-15/M4 firearms with mid-length gas system and A2 front sight* provides modular flexibility with M-LOK™ accessory slots in a lightweight, sleek, cost effective design. Designed with versatility in mind, M-LOK slots at the two, six, and ten o'clock positions allow the attachment of optional Picatinny rail sections and other accessories for mounting tactical lights, slings, grips, etc. Reinforced, heat-resistant polymer construction provides durability without the weight and expense of an aluminum rail hand guard. A large front extension and lower lip protects the user from the hot front sight gas block assembly and maximizes useable hand guard length.

FEATURES

- Narrow design replaces factory 2-piece, mid-length plastic hand guards
- Easy to install utilizing existing delta ring and ROUND front hand guard retaining cap with A2 front sight assembly*
- Slots at the two, six, and ten o'clock positions for mounting direct-attach M-LOK accessories or M-LOK 1913 Picatinny rail sections
- Reinforced, heat-resistant polymer construction
- Integral riveted aluminum heat shield
- Front lip and long side extensions shields hand from hot sight assembly

Safety Instruction Guide for AR15/M4 MOESL MidLength Handguards

Introduction

Thank you for choosing the AR15/M4 MOESL MidLength Handguards by MAGPUL. This product is designed to enhance the functionality of your AR15/M4 firearm with a midlength gas system. To ensure safe and effective use, please read and follow this safety instruction guide carefully.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before installing or using the handguards.
- Always treat every firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store the firearm and accessories in a secure location, away from children and unauthorized users.
- Regularly inspect the handguards for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm use and modifications.

Specific Safety Precautions for Use

- Only use the MOESL Handguards with AR15/M4 firearms that have a midlength gas system.
- Do not exceed the weight limit for accessories mounted on the handguards to prevent structural failure.
- Avoid direct contact with hot surfaces, especially near the front sight gas block assembly.
- Use caution when attaching or detaching accessories to prevent injury.
- Ensure that all attachments are securely mounted before use.

Instructions for Installation and Usage

Installation

1. Ensure the firearm is unloaded and safe to handle.
2. Remove the factory 2piece handguards by disengaging the delta ring and front hand guard retaining cap.
3. Align the MOESL Handguards with the upper receiver and slide them into place.
4. Secure the handguards by reattaching the delta ring and front hand guard retaining cap.
5. Confirm that the handguards are firmly in place before proceeding.

Usage

- Utilize the MLOK accessory slots at the two, six, and ten o'clock positions for mounting tactical accessories.
- Regularly check the tightness of any accessories mounted on the handguards.
- Maintain awareness of the handguards' temperature during use, especially after extended firing sessions.

Disposal Instructions

- Dispose of any damaged or worn handguards responsibly.
- Follow local regulations for disposal of polymer materials.
- Do not incinerate the handguards as this may release harmful substances.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the AR15/M4 MOESL MidLength Handguards, please refer to the product packaging or visit the official MAGPUL website for additional resources and support.

Thank you for prioritizing safety and responsible firearm use. Enjoy your new handguards!
