

# EXTREME WEAPONS GREASE - SLIP 2000 30ML GREASE SYINGE

[Gun Cleaning & Chemicals](#) > [Oils & Lubricants](#) > [Lubricant & Protectant Oils](#)

Slip 2000 Synthetic Grease is an Extreme Weapons Lubricant turned into a light grease. (EWG) Extreme Weapons Grease offers extreme pressure properties that are guaranteed to reduce friction and wear on those extreme weapons. This product contains a proprietary Anti-wear package that is easy to use and long lasting. Will not attract dust, dirt or powder fouling like most petroleum based products. Excellent for use on all semi-auto and full auto locking lugs, sears, bolts and slides/rails. Smooth clean operation in the extreme cold -100°F and will hold up under the extreme heat +750°F as well. Does not contain Teflon or PTFE additives. Easy to apply and stays there. Forms a bond with the steel parts Reduces friction and wear Does not migrate. Will not attract dust and dirt Does not contain Teflon or PTFE additives.

# **Safety Instruction Guide for EXTREME WEAPONS GREASE SLIP 2000 30ML GREASE SYRINGE**

## **Introduction**

Thank you for choosing EXTREME WEAPONS GREASE SLIP 2000. This synthetic grease is designed for extreme pressure applications, providing excellent lubrication and protection for your equipment. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## **General Safety Guidelines**

- Ensure safe use of the product by following all instructions provided.
- Keep the product out of reach of children and vulnerable groups.
- Be aware of potential hazards associated with the product, including skin irritation and inhalation risks.
- Store the product in a cool, dry place away from direct sunlight and heat sources.
- Regularly check for any recall updates on the EU's Safety Gate platform.

## **Specific Safety Precautions for Use**

- Avoid contact with skin and eyes. In case of contact, rinse immediately with plenty of water and seek medical advice if irritation persists.
- Use in a wellventilated area to minimize inhalation of fumes.
- Do not ingest the product. If swallowed, seek medical attention immediately.
- Wear protective gloves and goggles when applying the grease to prevent skin and eye exposure.
- Ensure that the product is not used on surfaces that will come into contact with food.

## **Instructions for Installation and Usage**

- Before application, ensure the surfaces to be lubricated are clean and free of debris.
- Shake the grease syringe well before use to ensure proper consistency.
- Apply a small amount of grease to the desired areas, such as semiauto and full auto locking lugs, sears, bolts, and slides/rails.
- Avoid overapplication, as this may lead to excess buildup and attract dirt.
- For best results, apply in temperatures ranging from 100°F to +750°F.
- Store the syringe upright to prevent leakage and ensure longevity.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or usage of this product, please refer to the contact information provided on the packaging or the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with EXTREME WEAPONS GREASE SLIP 2000. Thank you for your attention and commitment to safety.
