

# MINUS TRIGGER CONNECTOR FOR GLOCK® - GHOST MINUS 3.5 CONNECTOR

[Handgun Parts](#) > [Trigger Group Parts](#) > [Connector Parts](#)

Drop-in replacement connector gives an immediate improvement in trigger performance on all Glock pistol (except the 42 & 43). Provides the same 3.5 lb. trigger profile as the factory “-” connector, but its highly polished stainless steel surface makes the pull smoother, lighter and more consistent. The trigger will reset more quickly for faster follow up shots and less resistance means no anticipation to jerk the trigger and compromise accuracy. Requires no permanent alterations to pistol, so the factory connector can be reinstalled any time, not that you will want to.

# Safety Instruction Guide for MINUS TRIGGER CONNECTOR FOR GLOCK® GHOST MINUS 3.5 CONNECTOR

## Introduction

Thank you for choosing the MINUS TRIGGER CONNECTOR FOR GLOCK® GHOST MINUS 3.5 CONNECTOR. This product is designed to enhance the trigger performance of your Glock pistol. To ensure your safety and the proper use of this product, please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is used only with compatible Glock models (excluding Glock 42 and 43).
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Keep firearms out of reach of children and unauthorized users.
- Regularly inspect the connector for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use the connector only in the intended Glock models to avoid malfunctions.
- Do not attempt to modify or alter the connector in any way.
- Ensure that the firearm is unloaded before installation of the connector.
- Avoid using the firearm in wet or humid conditions to prevent rust and corrosion.
- Be aware of your surroundings when handling firearms to prevent accidents.
- Do not engage in dry firing without ensuring that it is safe to do so.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, such as a punch tool and a small hammer.

### 2. Installation Steps:

- Remove the slide from the Glock pistol.
- Take out the factory connector by pushing out the retaining pin using the punch tool.
- Carefully install the MINUS TRIGGER CONNECTOR by aligning it in the connector housing.
- Reinsert the retaining pin to secure the connector in place.
- Reassemble the slide onto the frame of the pistol.

### 3. PostInstallation Check:

- Perform a function check to ensure the trigger operates smoothly.
- Confirm that the trigger resets correctly after each pull.
- Test the firearm in a safe and controlled environment to ensure proper functionality.

### 4. Usage:

- Practice safe handling and operation of your Glock pistol at all times.
- Regularly check the trigger performance and connector condition.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding firearms and firearm accessories.
- Do not discard in household waste; contact your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For safety inquiries or further assistance regarding the MINUS TRIGGER CONNECTOR, please refer to the contact details provided by your retailer or manufacturer.
