

AR-15 MOE SL-K STOCK COLLAPSIBLE MIL-SPEC - MAGPUL MOE SL-K COLLAPSIBLE MIL-SPEC CARBINE STOCK FOR AR-15 ODG

[Rifle Parts](#) > [Stock Parts](#) > [Buttstocks](#)

Slim, Maneuverable Tactical Stock With Plenty Of Versatility

Further developing Magpul's original SL stock, the SL-K is designed for compact PDW-style weapons or users who simply desire a small, light, highly maneuverable stock. Drop-in replacement for M4-type adjustable stocks that fit mil-spec (1.14" O.D.) buffer tubes. It offers a short, slim profile, comfortably sloped cheekweld, a rubber recoil pad with a "rolled" toe for easy shouldering and better fit when wearing body armor. Built-in 1.25" sling loop, and also accepts Magpul ASAP® and M-LOK QD Sling Mount (available separately) for pushbutton QD sling swivels. Ambidextrous latch enables easy extension/retraction of stock, plus it minimizes rattle on the receiver extension without requiring additional locks, levers, or springs. Latch made of steel, too, so it won't fail under hard use.

Safety Instruction Guide for AR15 MOE SLK Stock

Introduction

Thank you for purchasing the AR15 MOE SLK Stock. This product is designed to enhance the versatility and functionality of your firearm while ensuring safety during use. Please read this safety instruction guide carefully to understand the proper use, installation, and maintenance of your new stock.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure that the stock is securely installed before handling the firearm.
- Regularly inspect the stock and firearm for any signs of wear or damage.
- Store the firearm and stock in a secure location, out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding firearm ownership and use.

Specific Safety Precautions for Use

- Use only the recommended buffer tube (milspec, 1.14" O.D.) for installation.
- Do not exceed the manufacturer's recommended weight limit for accessories attached to the stock.
- Avoid using the firearm in wet or extremely cold conditions without proper precautions, as this may affect the stock's performance.
- When using the stock with body armor, ensure proper fit and comfort to avoid injury during use.
- Always wear appropriate safety gear, including eye protection, when handling firearms.

Instructions for Installation and Usage

Installation

1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a wrench for tightening.

2. Remove Existing Stock

- Loosen and remove the existing M4type adjustable stock from the buffer tube.

3. Install the SLK Stock

- Align the SLK stock with the buffer tube.
- Slide the stock onto the buffer tube until it is fully seated.
- Secure the stock using the ambidextrous latch, ensuring it is locked in place.

4. Check Installation

- Gently pull on the stock to ensure it is securely attached.
- Confirm that the stock moves smoothly when extending or retracting.

Usage

- To extend the stock, pull the ambidextrous latch and slide the stock to the desired position.
- To retract the stock, pull the ambidextrous latch and slide the stock back towards the receiver.
- Ensure the stock is fully locked in position before firing the firearm.

Disposal Instructions

- Dispose of the stock in accordance with local regulations for plastic and polymer materials.
- Do not burn the stock, as it may release harmful fumes.
- Consider recycling options if available in your area.

Contact Information for Further Support

For any questions or concerns regarding the AR15 MOE SLK Stock, please refer to the manufacturer's website or contact their customer support. Ensure you have your product details handy for efficient assistance.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your AR15 MOE SLK Stock. Thank you for prioritizing safety in your firearm practices.
