

# AR-15 MOE SL-S STOCK COLLAPSIBLE MIL-SPEC - MAGPUL MOE SL-S COLLAPSIBLE MIL-SPEC CARBINE STOCK FOR AR-15 BLACK

[Rifle Parts](#) > [Stock Parts](#) > [Buttstocks](#)

The storage-capable version of the flagship Magpul MOE SL™ carbine stock, the MOE SL-S (Storage) Stock is a direct replacement buttstock for AR15/M4 carbines. The sleek profile, dual-side release latches, and waterproof battery tubes make it the slimmest storage tube stock available. The SL-S provides an enhanced cheek weld and true, O-ring sealed, 10m waterproof battery storage, but fits it into the narrowest package possible to allow a more upright head position and minimize bulk. A rolled toe and angled rubber butt-pad are optimized for use with body armor, and an ambidextrous QD sling swivel socket is included. A unique leaf-spring tension system provides a solid fit on mil-spec receiver extensions, with slightly less friction than the original SL.

# AR15 MOE SLS Stock Safety Instructions

## Introduction

Thank you for choosing the AR15 MOE SLS Collapsible MilSpec Stock by Magpul. This safety instruction guide is designed to ensure the safe use and installation of your new stock. Please read this guide carefully before use to understand the safety precautions and operating procedures.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or adjusting the stock.
- Follow all local laws and regulations regarding firearm modifications and use.
- Use only compatible AR15/M4 receiver extensions with this stock.
- Inspect the stock for damage before each use. Do not use if damaged.
- Keep the stock and firearm out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure a safe environment when handling firearms.

## Specific Safety Precautions for Use

- Ensure proper installation to avoid any operational hazards.
- Avoid using the stock in extreme temperatures or environments that could compromise its integrity.
- Be cautious when using the ambidextrous QD sling swivel socket to prevent accidental disengagement.
- Do not exceed the weight limit for accessories attached to the stock.
- Ensure that the battery storage compartments are properly sealed to prevent water damage.

## Instructions for Installation and Usage

### Installation

#### 1. Preparation:

- Ensure the firearm is unloaded and the chamber is clear.
- Gather necessary tools, such as a screwdriver if needed.

#### 2. Removing the Old Stock:

- Locate the stock release mechanism and disengage it.
- Carefully remove the old stock from the receiver extension.

#### 3. Installing the New Stock:

- Align the AR15 MOE SLS stock with the receiver extension.
- Push the stock onto the extension until it clicks into place.
- Ensure that the dualside release latches are securely engaged.

#### 4. Adjusting the Stock:

- To collapse or extend the stock, press the release latches on both sides simultaneously.
- Adjust to the desired length and ensure it locks into place.

### Usage

- Adjust the stock to achieve a comfortable cheek weld for optimal aiming.
- Utilize the storage compartment for batteries, ensuring it is sealed properly.
- When using the ambidextrous QD sling swivel socket, confirm the sling is securely attached.

## **Disposal Instructions**

- Dispose of the stock in accordance with local regulations regarding plastic and polymer materials.
- Remove any batteries from the storage compartment before disposal to prevent environmental contamination.
- Do not incinerate or expose to extreme heat.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the AR15 MOE SLS Collapsible MilSpec Stock, please refer to the provided contact details from the manufacturer. Always ensure you are seeking assistance from authorized sources to maintain safety and compliance with regulations.

Thank you for prioritizing safety and responsible usage. Enjoy your new stock!
