

LEE COLLET 2-DIE NECK SIZER SETS - LEE PRECISION 50 BMG COLLET 2-DIE NECK SIZER SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies. Maximum accuracy is usually achieved by seating the bullet out far enough to touch or almost touch the rifling. This provides the shot start pressure normally supplied by the crimp. That's why a dead length bullet seater is included to complete the most accurate reloading system ever made. These dies size only the neck to preserve the perfect fit of fire forming. Only reload cases that have been fired in your gun. Not recommended for autoloaders, slide or lever action guns.

Attributes

- Name: [LEE PRECISION 50 BMG COLLET 2-DIE NECK SIZER SET](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100018902

Safety Instruction Guide for LEE COLLET 2DIE NECK SIZER SET

Introduction

Thank you for choosing the LEE COLLET 2DIE NECK SIZER SET. This guide provides essential safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the dies and keep it for future reference.

General Safety Guidelines

- Ensure safe use of the LEE COLLET 2DIE NECK SIZER SET by following these guidelines:
 - Always handle the dies with care to avoid injury.
 - Keep the dies out of reach of children and vulnerable individuals.
 - Use the dies only for the intended purpose as described in this guide.
 - Regularly inspect the dies for signs of wear or damage before use.
 - Follow all local regulations regarding ammunition reloading.

Specific Safety Precautions for Use

- To ensure safe and effective use of the LEE COLLET 2DIE NECK SIZER SET, observe the following precautions:
 - Only use cases that have been fired in your gun; do not use cases from other firearms.
 - Avoid using the dies with autoloaders, slide, or lever action guns, as they may lead to unsafe conditions.
 - Always wear appropriate safety gear, including eye protection, when reloading ammunition.
 - Ensure your workspace is clean and organized to prevent accidents.
 - Do not exceed the recommended load specifications for your ammunition.

Instructions for Installation and Usage

- Follow these steps for the proper installation and use of the LEE COLLET 2DIE NECK SIZER SET:

1. Setup:

- Install the neck die into your reloading press according to the manufacturer's instructions.
- Ensure the die is securely tightened to prevent movement during use.

2. Sizing Cases:

- Place a case into the die, ensuring it is properly aligned.
- Pull the handle of the press to size the neck of the case.
- Check the fit of the case to ensure it meets the desired specifications.

3. Bullet Seating:

- Use the dead length bullet seater included in the set to seat the bullet.
- Adjust the seating depth to achieve the desired fit against the rifling.

4. Final Inspection:

- Inspect the sized cases for any imperfections or signs of damage before loading.
- Store the dies in a safe place when not in use.

Disposal Instructions

- Dispose of any damaged or unusable dies and components responsibly:
 - Follow local regulations for the disposal of metal and hazardous materials.
 - Do not discard in regular household waste.
 - Consider recycling options if available in your area.

Contact Information for Further Support

- For any inquiries or concerns regarding the LEE COLLET 2DIE NECK SIZER SET, please refer to the manufacturer's contact information provided with your product packaging or visit their official website for support.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with the LEE COLLET 2DIE NECK SIZER SET. Thank you for your attention to safety.
