

# V-TAC PADDED SLING WITH CUFF ASSEMBLY - VIKING TACTICS V-TAC PADDED SLING W/CUFF ASSEMBLY-BLACK

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

If your mission requires you to move long distances in austere conditions with a heavy sniper systems and still be ready to engage a threat when you arrive at your target, from any position, then the Viking Tactics Sniper Sling is up to the task. The Viking Tactics Sniper Sling is designed to give you all the advantages of the VTAC Sling with the additional benefit of a quick detach cuff. The quick adjust portion of the sling gives a sniper the ability to wear the cuff, snap in and adjust the sling quickly to the necessary length. The cuff comes equipped with a small snap shackle. This buckle will allow you to attach or detach quickly in any situation. The VTAC-MK2-WC sling is a modified VTAC MK2 sling that includes an arm cuff as well as two HDQD swivels.

# VTAC Padded Sling with Cuff Assembly Safety Instructions

## Introduction

Thank you for choosing the VTAC Padded Sling with Cuff Assembly. This product is designed to enhance your tactical operations while ensuring safety and comfort. Please read and follow these safety instructions carefully to ensure safe use and optimal performance of the sling.

## General Safety Guidelines

- Ensure that the sling is suitable for your intended use and compatible with your equipment.
- Always inspect the sling before each use for any signs of wear, damage, or malfunction.
- Do not use the sling if it is damaged or if any components are missing.
- Keep the sling away from children and unauthorized users.
- Follow all local laws and regulations regarding the use of tactical equipment.
- Use the sling only for its intended purpose as described in this manual.

## Specific Safety Precautions for Use

- **Proper Fit:** Always adjust the sling to fit securely and comfortably. A loose sling may lead to accidents or injury.
- **Quick Detach Cuff:** Familiarize yourself with the quick detach cuff mechanism before use. Ensure it is functioning properly to avoid accidental detachment during operations.
- **Avoid Entanglement:** Be aware of your surroundings when using the sling. Avoid situations where the sling could become entangled in obstacles or moving parts.
- **Weight Limit:** Do not exceed the recommended weight limit of the sling. Overloading can compromise safety and performance.
- **Training:** Ensure that you have received proper training on the use of tactical slings and related equipment.

## Instructions for Installation and Usage

### 1. Installation:

- Identify the mounting points on your equipment where the sling will be attached.
- Use the provided HDQD swivels to securely attach the sling to your equipment.
- Ensure that the attachment points are secure and will support the weight of the equipment.

### 2. Adjusting the Sling:

- Adjust the length of the sling by using the quick adjust mechanism.
- Ensure that the sling is snug against your body without restricting movement.

### 3. Using the Quick Detach Cuff:

- To attach the cuff, slide your arm into the cuff and snap the buckle securely.
- To detach, simply press the release mechanism on the snap shackle.

### 4. PostUse Care:

- After use, clean the sling with a damp cloth to remove any dirt or debris.
- Store the sling in a cool, dry place away from direct sunlight.

## **Disposal Instructions**

- When the sling reaches the end of its life cycle or is no longer usable, dispose of it in accordance with local regulations.
- Do not dispose of the sling in a manner that could pose a risk to the environment or public safety.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the VTAC Padded Sling with Cuff Assembly, please refer to the contact information provided on the packaging or product insert. It is essential to have access to a contact point within the EU for assistance related to product safety.

By following these safety instructions, you can ensure a safe and effective experience with the VTAC Padded Sling with Cuff Assembly. Always prioritize safety and stay informed about any product updates or recalls through the EU's Safety Gate platform. Thank you for your attention to these important guidelines.
