

STANDARD AK SLING - BLUE FORCE GEAR VICKERS STANDARD AK SLING-COYOTE

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

The Standard AK Sling comes with a Molded Universal Wire Loop™ threaded onto the front of the sling. Perfectly suited for the AK, the UWL™ attaches to the elongated eyelet on handguard retainer or gas block quietly and securely with nylon coated aircraft grade stainless steel cable. The UWL can also be passed through underneath the gas tube for left hand installation. The UWL is threaded on the front and can be removed for a more custom application. The rear of the sling features two triglides to attach to buttstocks, folding stocks, wire stocks, or any other stock type. Unique to the Standard AK Sling is the limited run of plum hardware. As a tribute to the famed Russian “plum” furniture and mags of the late 1980s, the plum hardware on OD and Coyote Brown slings is the finishing touch of such a unique sling. Sizing: 1.25" solution dyed sling webbing Overall length is adjustable to accommodate different sized weapons, with or without body armor or other gear Build: 1.25" solution dyed CORDURA webbing BFG designed DuPont Zytel Nylon hardware is quiet, light, and stronger Simplified contrasting pull tab for easier adjusting Molded Universal Wire Loop with push button socket threaded onto the front

Safety Instruction Guide for the STANDARD AK SLING BLUE FORCE GEAR VICKERS STANDARD AK SLINGCOYOTE

Introduction

Thank you for choosing the STANDARD AK SLING by Blue Force Gear. This guide provides essential safety instructions to ensure the safe and effective use of your sling. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the sling is suitable for your specific firearm model.
- Regularly inspect the sling for any signs of wear or damage before each use.
- Do not exceed the manufacturer's weight limit for the sling.
- Keep the sling away from sharp objects and extreme heat to prevent damage.
- Store the sling in a cool, dry place when not in use.
- If you notice any defects or issues, discontinue use immediately and contact customer support.

Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before attaching or adjusting the sling.
- When using the sling, maintain a secure grip on the firearm at all times.
- Be aware of your surroundings and ensure that the sling does not obstruct your movement or visibility.
- Use the sling only for its intended purpose; do not modify or alter the sling in any way.
- Avoid using the sling in wet or slippery conditions unless it is specifically designed for such environments.
- Ensure that the molded universal wire loop is securely attached to the firearm before use.

Instructions for Installation and Usage

1. Installation of the Sling:

- Identify the attachment points on your firearm (handguard retainer or gas block).
- Thread the molded universal wire loop through the elongated eyelet.
- Ensure that the wire loop is securely fastened and does not move freely.
- For lefthand installation, pass the UWL under the gas tube as needed.
- Adjust the length of the sling to fit your body and firearm comfortably.

2. Adjusting the Sling:

- Use the simplified contrasting pull tab to adjust the length of the sling.
- Ensure that the adjustment is secure before use.

3. Using the Sling:

- Place the sling over your shoulder and position the firearm for a comfortable hold.
- Ensure that the sling allows for quick access to the firearm while maintaining stability.
- Practice transitioning between carrying positions to become familiar with the sling's functionality.

Disposal Instructions

- Dispose of the sling in accordance with local regulations.
- If the sling is damaged beyond repair, consider recycling the materials if possible.
- Do not dispose of the sling in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the contact information provided in the product packaging or on the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of your STANDARD AK SLING. Always prioritize safety and be mindful of your surroundings when using this product. Thank you for your attention to these important guidelines.
