

STANDARD AK SLING - BLUE FORCE GEAR VICKERS STANDARD AK SLING-OD GREEN

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

The Standard AK Sling comes with a Molded Universal Wire Loop™ threaded onto the front of the sling. Perfectly suited for the AK, the UWL™ attaches to the elongated eyelet on handguard retainer or gas block quietly and securely with nylon coated aircraft grade stainless steel cable. The UWL can also be passed through underneath the gas tube for left hand installation. The UWL is threaded on the front and can be removed for a more custom application. The rear of the sling features two triglides to attach to buttstocks, folding stocks, wire stocks, or any other stock type. Unique to the Standard AK Sling is the limited run of plum hardware. As a tribute to the famed Russian “plum” furniture and mags of the late 1980s, the plum hardware on OD and Coyote Brown slings is the finishing touch of such a unique sling. Sizing: 1.25" solution dyed sling webbing Overall length is adjustable to accommodate different sized weapons, with or without body armor or other gear Build: 1.25" solution dyed CORDURA webbing BFG designed DuPont Zytel Nylon hardware is quiet, light, and stronger Simplified contrasting pull tab for easier adjusting Molded Universal Wire Loop with push button socket threaded onto the front

Safety Instruction Guide for the STANDARD AK SLING BLUE FORCE GEAR VICKERS STANDARD AK SLINGOD GREEN

Introduction

Thank you for choosing the STANDARD AK SLING from BLUE FORCE GEAR. This guide provides essential safety information and instructions for the proper use and maintenance of your sling. Please read this guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the sling is used only for its intended purpose, which is to secure firearms.
- Regularly inspect the sling for any signs of wear, damage, or malfunction before each use.
- Do not exceed the recommended weight limit of the sling, as this may compromise its integrity and safety.
- Keep the sling out of reach of children and individuals who may not understand its proper use.
- If the sling is damaged or shows signs of wear, discontinue use immediately and replace it.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded when attaching or detaching the sling.
- When using the sling, ensure that it is securely attached to the firearm to prevent accidental detachment.
- Be aware of your surroundings and ensure that the firearm is pointed in a safe direction at all times when using the sling.
- Do not use the sling in adverse weather conditions that may affect its performance or safety.
- Avoid using the sling with any accessories or modifications not recommended by the manufacturer.

Instructions for Installation and Usage

1. Installation of the Sling:

- Begin by ensuring the firearm is unloaded.
- Locate the elongated eyelet on the handguard retainer or gas block.
- Thread the Molded Universal Wire Loop (UWL) through the eyelet, ensuring it is securely attached.
- If desired, pass the UWL underneath the gas tube for lefthand installation.
- Use the two triglides on the rear of the sling to attach it to the buttstock or other stock types.

2. Adjusting the Sling:

- To adjust the length of the sling, locate the simplified contrasting pull tab.
- Pull the tab to lengthen or shorten the sling as needed for comfort and stability.
- Ensure that the adjusted length is secure before use.

3. Using the Sling:

- When using the sling, ensure that it is properly positioned for optimal support and control of the firearm.
- Practice using the sling in a safe environment to become familiar with its operation and handling.

Disposal Instructions

- When the sling has reached the end of its useful life or is no longer safe to use, dispose of it in accordance with local regulations.
- Consider recycling materials where possible, particularly the nylon and hardware components.

Contact Information for Further Support

For any inquiries related to safety or product support, please refer to the manufacturer's website or customer service channels.

This safety instruction guide is designed to provide you with the necessary information to ensure safe and effective use of your STANDARD AK SLING. Always prioritize safety and follow the guidelines outlined in this document. Thank you for your attention to these important safety measures.
