

# V-TAC BUNGEE SLING - VIKING TACTICS VTAC BUNGEE SLING-BLACK

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

The Viking Tactics, Inc. Light Weight Bungee Sling (VTAC-BGS) gives the operator a lightweight alternative to the standard sling. With the addition of shoulder bungee material, the VTAC Bungee Sling allows the shooter to maintain an extremely tight sling while still being able to get in and out of shooting positions. The bungee portion of the sling will help keep the primary weight of the weapon tight against your body, allowing you to quickly transition to your pistol should the need arise. Consistent with the capability of all VTAC sling designs, the VTAC Bungee Sling allows you to quickly adjust the length of your sling as your tactical situation changes.

# VTAC Bungee Sling Safety Instruction Guide

## Introduction

Thank you for choosing the VTAC Bungee Sling by Viking Tactics, Inc. This guide provides essential safety information and instructions to ensure the safe and effective use of your new sling. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that the sling is used only for its intended purpose as a tactical 2point sling.
- Regularly inspect the sling for any signs of wear, damage, or defects before each use.
- Do not exceed the manufacturer's weight recommendations for the sling to prevent failure.
- Keep the sling away from sharp objects, heat sources, and chemicals that could cause damage.
- Store the sling in a cool, dry place when not in use to maintain its integrity.
- Follow all local laws and regulations regarding the use of slings and firearms.

## Specific Safety Precautions for Use

- Always ensure that your weapon is unloaded before attaching or adjusting the sling.
- When transitioning between shooting positions, be aware of your surroundings to avoid accidents.
- Maintain a secure grip on your weapon when using the sling to prevent accidental discharge.
- Use the sling in a manner that allows for quick access to your firearm and smooth transitions to your pistol if needed.
- Do not use the sling as a safety device or harness; it is designed solely for carrying your weapon.

## Instructions for Installation and Usage

### Installation

#### 1. Attach the Sling:

- Locate the attachment points on your weapon.
- Securely attach the sling clips to the designated points, ensuring they are locked in place.

#### 2. Adjust the Length:

- Pull on the bungee portion of the sling to adjust the length to your preference.
- Ensure that the sling is tight enough to hold the weapon close to your body but allows for easy movement.

### Usage

- When using the sling, ensure that it is properly adjusted to fit your body and weapon size.
- To transition from a standing to a prone position, pull the weapon close to your body using the bungee feature.
- If you need to switch to your pistol, release the primary weapon smoothly while maintaining control of the sling.
- Always practice safe handling and shooting techniques while using the sling.

## Disposal Instructions

- Dispose of the sling in accordance with local regulations regarding textile waste.
- If the sling is damaged or no longer usable, consider recycling the materials if possible.

- Do not burn the sling, as it may release harmful chemicals.

## **Contact Information for Further Support**

For any inquiries regarding the safety or use of the VTAC Bungee Sling, please refer to the manufacturer's website or contact their support team. Always ensure that you have the latest information regarding safety recalls or product updates.

Thank you for prioritizing safety while using the VTAC Bungee Sling. Your responsible use of this product contributes to a safer shooting experience.
