

LIGHT MOUNT - VIKING TACTICS LIGHT MOUNT-GREEN OLIVE

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Flashlight Mounts](#)

Offset Design For Fast, Easy Access To Activation Switches

Consistent with the VTAC Mission, the Viking Tactics Light Mount was designed for today's modern warriors- providing a light-weight and versatile option to mount a flashlight onto any Picatinny rail system. Made of a Modified Acrylic PVC Alloy Thermoplastic with high impact and abrasion resistant qualities which have been proven to withstand the harshest environments, the Viking Tactics Light Mount is designed so that you can mount your light so that it is out of your field of view and easily activated. This new and improved version of the original VTAC Light Mount Design gives you enormous flexibility. It will allow you to mount most lights with a .80 or 1" diameter and will fit the VTAC-L4 as well as the inexpensive Surefire G2 Nitrolon, Executive Series, and many others. The sleek VTAC design even offers a position in the insert to accommodate the clip on the light. Depending on your mounting preferences, the VTAC can be mounted in such a way that the light can be activated using a tape switch or it can be mounted in such a manner allowing you activate your light using the push button on the back of the light. (Note: Flashlights and firearms not included and must be purchased separately). The VTAC Light Mount is impervious to most chemicals, solvents and oils and its highly advanced thermoplastics will not shrink. With the high quality and innovative design that you expect from a Viking Tactics product, the VTAC Light Mount will keep you in the light and out of the dark. The new Surefire G2X body does not fit this light mount without some rigging.

LIGHT MOUNT VIKING TACTICS LIGHT MOUNTGREEN OLIVE Safety Instruction Guide

Introduction

Thank you for choosing the LIGHT MOUNT VIKING TACTICS LIGHT MOUNTGREEN OLIVE. This guide provides essential safety instructions and information to ensure the safe use of your product. Please read this guide carefully and follow all instructions to minimize risks and maximize your experience.

General Safety Guidelines

- Ensure that the LIGHT MOUNT is used only for its intended purpose, which is to securely mount a flashlight onto a Picatinny rail system.
- Always inspect the LIGHT MOUNT before use to ensure it is free from damage or defects.
- Keep the product out of reach of children and individuals who may not understand its intended use.
- Be aware of your surroundings when using the LIGHT MOUNT, especially in lowlight conditions.
- Use the LIGHT MOUNT only with compatible flashlights that meet the specified diameter requirements.
- Regularly check for any wear or degradation of the materials, especially if used in harsh environments.

Specific Safety Precautions for Use

- Avoid using the LIGHT MOUNT with flashlights that exceed the recommended dimensions of .80" with spacer or 1" diameter.
- Ensure that the flashlight is securely attached to the LIGHT MOUNT before use to prevent accidental dislodging.
- Do not expose the LIGHT MOUNT to extreme temperatures or harsh chemicals, as this may compromise its integrity.
- When mounting the LIGHT MOUNT, ensure that it is securely fastened to the Picatinny rail to avoid movement during use.
- If using a tape switch or push button for activation, ensure that it is easily accessible and does not obstruct your view or movement.

Instructions for Installation and Usage

Installation

1. Prepare the Picatinny Rail:

- Clean the rail surface to ensure a secure attachment.
- Ensure that the rail is free from debris and obstructions.

2. Attach the LIGHT MOUNT:

- Align the LIGHT MOUNT with the desired position on the Picatinny rail.
- Slide the LIGHT MOUNT into place until it clicks securely.
- Use the provided hardware to tighten the mount, ensuring it is firmly attached.

3. Install the Flashlight:

- Insert the flashlight into the LIGHT MOUNT, ensuring it fits snugly.
- If necessary, use the provided spacer for flashlights with a .80" diameter.
- Ensure that the flashlight is positioned for easy activation.

Usage

- Activate the flashlight using the designated method (tape switch or push button) as per your preference.
- Regularly check the alignment and security of the LIGHT MOUNT and flashlight during use.
- If any issues arise, discontinue use and inspect the product for damage.

Disposal Instructions

- Dispose of the LIGHT MOUNT in accordance with local regulations regarding plastic and electronic waste.
- Do not dispose of the product in household waste. Instead, use designated recycling centers or collection points.
- Ensure that any batteries or electronic components from compatible flashlights are also disposed of properly.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the LIGHT MOUNT VIKING TACTICS LIGHT MOUNTGREEN OLIVE, please refer to the manufacturer's contact details provided with your product.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your LIGHT MOUNT VIKING TACTICS LIGHT MOUNTGREEN OLIVE. Always prioritize safety and adhere to the recommendations outlined in this guide. Thank you for your attention to these important safety measures.
