

SURESHELL POLYMER SHOTSHELL CARRIER - MESA TACTICAL PRODUCTS SURESHELL POLYMER CARRIER & SADDLE REMINGTON 870 12 GA 6RD

[Shooting Accessories](#) > [Speedloaders & Accessories](#) > [Shotgun Shell Holders](#)

Carry more ammunition “at the ready”: Professional operators who are unwilling to sacrifice quality, performance, and durability, will find Mesa Tactical’s polymer shotshell carriers to be an especially attractive and economical alternative to the low-cost consumer grade plastic shell holders offered by competitors. SureShell® Polymer Shotshell Carriers are made from durable, impact resistant polymer. This shotshell carrier system, available in a six shell configuration, features shell holders injection molded from glass filled polymer, secured to the receiver by a lightweight aluminum back plate with brass threaded inserts. The SureShell Polymer Carrier also includes an innovative dual rubber friction system that reliably holds shotshells in place. Some SureShell carriers include high temperature adhesive backed, die-cut rubber gaskets to protect the host shotgun’s finish. The Sureshell receiver mounting system for Remington 870, 1100 and 11-87 shotguns uses a combination of steel fasteners threaded into a steel pin (at the rear) and paired Chicago screws (up front) for more secure attachment to the shotgun without the risk of pinching the receiver. The mounting plate even features a window over the shotgun serial number location, to make it easier for armorers to inventory their weapons. Models are available with and without integral Picatinny rails for mounting optics. Like all SureShell carriers, the new polymer SureShell shotshell carriers work well in all climates and environments, and are designed to withstand the daily use and abuse to which arsenal weapons are commonly subjected. This system securely holds shells in place until needed at which time they are readily accessible and easily removed for rapid reloading.

Attributes

- Name: [MESA TACTICAL PRODUCTS SURESHELL POLYMER CARRIER & SADDLE REMINGTON 870 12 GA 6RD](#)

SURESHELL POLYMER SHOTSHELL CARRIER

SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the SureShell Polymer Shotshell Carrier by Mesa Tactical Products. This product is designed to securely hold your shotgun shells, allowing for quick access and reloading. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always handle firearms with care and follow all safety protocols associated with their use.
- Ensure that the SureShell Carrier is compatible with your shotgun model (Remington 870, 1100, 1187, Mossberg 500/590, Benelli M1/M2/M3, etc.) before installation.
- Inspect the carrier before each use for any signs of damage or wear. Do not use if damaged.
- Keep the product out of reach of children and unauthorized users.
- Ensure that the firearm is unloaded before attaching or detaching the carrier.
- Follow all local laws and regulations regarding firearm accessories and ammunition.

Specific Safety Precautions for Use

- Avoid exposing the SureShell Carrier to extreme temperatures, which may affect the integrity of the polymer material.
- Do not overload the carrier beyond its specified capacity (6round or 8round configurations).
- When removing shells from the carrier, do so carefully to prevent accidental discharge.
- Use only compatible shotgun shells as specified for the carrier.
- Always ensure that the shotgun is pointed in a safe direction before loading or unloading shells from the carrier.

Instructions for Installation and Usage

Installation

1. **Gather Required Tools:** You will need a screwdriver and any other tools specified in the installation instructions.
2. **Prepare the Shotgun:** Ensure that the shotgun is completely unloaded and the safety is engaged.
3. **Position the Carrier:** Align the SureShell Carrier with the receiver of the shotgun. Ensure it is in the correct orientation for your model.
4. **Attach the Carrier:**
 - Use the provided mounting hardware to secure the carrier to the shotgun.
 - Ensure that the lightweight aluminum backplate is firmly attached and that the brass threaded inserts are properly seated.
 - If installing on a Remington model, be aware that minor modifications may be required.
5. **Check for Stability:** Once installed, gently shake the carrier to ensure it is securely attached and does not move.

Usage

1. **Loading Shells:**
 - Insert shells into the carrier by placing them into the holders with the brass end facing outward.
 - Ensure that the innovative dual rubber friction system is engaged to securely hold the shells in place.
2. **Removing Shells:**
 - To remove a shell, grasp it firmly and pull it straight out of the carrier.

- Be cautious to avoid any accidental discharge of the firearm.

3. **Maintenance:**

- Regularly check the carrier for any signs of wear or damage.
- Clean the carrier with a soft cloth and mild soap if necessary. Avoid using harsh chemicals that could damage the polymer.

Disposal Instructions

- When the SureShell Carrier reaches the end of its life cycle or if it becomes damaged beyond repair, dispose of it responsibly.
- Check with local waste management authorities for proper disposal methods for polymer materials.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any inquiries regarding the SureShell Polymer Shotshell Carrier, please refer to the manufacturer's website or contact your local retailer for assistance.

By following these safety instructions, you can ensure the safe and effective use of the SureShell Polymer Shotshell Carrier. Thank you for your commitment to safety and responsible firearm use.
