

D3 SLING - HALEY STRATEGIC PARTNERS D3 SLING-BLACK

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

What started as a custom design built for his Force Recon platoon during a deployment became a lifelong mission for Travis Haley to build a rifle sling that works around the end user, and not the other way around. The D3 Rifle Sling can be run in single point or two point configuration and has been designed to transition between the two in moments. The sling includes two, positive locking QD swivels and features Haley's proven, SDI single hand quick adjustment system. The sling also debuts a low profile pad, inspired by climbing harnesses created by the world's leading mountaineering companies. A 5-layer laminated construction sealed with stretch woven materials, the pad provides stability and comfort without adding weight or bulk.

Attributes

- Name: [HALEY STRATEGIC PARTNERS D3 SLING-BLACK](#)

Safety Instruction Guide for D3 Sling Black

Introduction

Thank you for choosing the D3 Sling by Haley Strategic Partners. This product has been designed with the end user in mind, offering versatility and comfort for a variety of applications. To ensure safe usage and to maximize the lifespan of your sling, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always ensure the sling is properly attached to your firearm before use.
- Inspect the sling for wear and tear before each use. Do not use if damaged.
- Keep the sling out of reach of children when not in use.
- Use the sling only for its intended purpose. Misuse can lead to accidents or injury.
- Be aware of your surroundings when using the sling, especially in crowded or confined spaces.
- Avoid using the sling in extreme conditions that may compromise its integrity.

Specific Safety Precautions for Use

- Ensure that all QD swivels are securely locked before use.
- When transitioning between single point and two point configurations, do so in a safe environment to avoid accidents.
- The sling is designed to accommodate various body types; adjust the length to fit securely without excessive slack.
- Avoid overloading the sling with excessive weight beyond its designed capacity.
- If you notice any signs of malfunction, such as difficulty in adjusting the sling or instability, discontinue use immediately.

Instructions for Installation and Usage

Installation

1. Attach QD Swivels:

- Locate the QD swivel points on your firearm.
- Align the QD swivel with the mounting point and push until you hear a click indicating it is locked in place.
- Repeat for the second QD swivel on the opposite end of the sling.

2. Adjust Sling Length:

- Pull the adjustment strap to lengthen or shorten the sling as needed.
- Ensure the adjustment is secure and does not slip during use.

Usage

• Single Point Configuration:

- Allow the sling to hang freely from the QD swivel.
- Adjust the length to ensure the firearm is easily accessible.

• Two Point Configuration:

- Attach the second QD swivel to your preferred mounting point.

- Adjust the sling to ensure stability while allowing for quick transitions.

- **Quick Adjustment:**

- Use the SDI single hand quick adjustment system to make rapid length changes while maintaining control of your firearm.

Disposal Instructions

When the D3 Sling has reached the end of its useful life, please dispose of it responsibly. Consider the following options: * Recycle the sling if local facilities accept nylon materials. * Dispose of the sling in accordance with local waste disposal regulations. * Do not burn the sling, as it may release harmful chemicals.

Contact Information for Further Support

For any safety inquiries or concerns regarding the D3 Sling, please reach out to your local retailer or visit the official Haley Strategic Partners website for further assistance.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your D3 Sling. Thank you for prioritizing safety!
