

# AR-15 GAS BLOCKS TITANIUM - 2A ARMAMENT AR-15 GAS BLOCK .750 TITANIUM

[Rifle Parts](#) > [Gas System Parts](#) > [Gas Blocks](#)

The 2A-Ti gas block is a simple solution for those looking to save weight on the AR-15 style of firearms. By utilizing titanium, weight can be reduced by as much as 40% over standard steel gas blocks. The low profile design works well under hand guards, and anywhere else that space is at a premium. A basic two set screw design ensures a secure fit, and an easy installation. Blue locking compound is recommended, as well as a dimpled barrel for a superior install. Made from U.S.A. Certified 6AL-4V titanium Internal bore: .625 or .750 Length: 1.0 inch Weight 0.70 ounces Bead blasted matte finish Low profile design Includes two stainless set screws

## Attributes

- Name: [2A ARMAMENT AR-15 GAS BLOCK .750 TITANIUM](#)
- Manufacturer: [2A ARMAMENT](#)
- Product no.: 100019799
- Mfr. No.: 2A-TIGB-1
- Inside Diameter: .750
- Material: Titanium
- Style: Low-Profile
- Weapon type: AR-15
- Delivery weight: 0.034kg
- Shipping height: 38mm
- Shipping width: 75mm
- Shipping length: 108mm
- UPC: 854361006085

## Item details

Made in USA

US export classification: 0A501.x

# Safety Instruction Guide for AR15 Gas Blocks

## Titanium 2A Armament

### Introduction

Thank you for choosing the 2A Armament AR15 Gas Block made from titanium. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your gas block. Please read this document carefully before use.

### General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified.
- Always handle firearms and related components with care and ensure they are unloaded before installation or maintenance.
- Store the gas block in a dry, cool place away from direct sunlight and moisture.
- Inspect the gas block for any damage or defects before installation. Do not use if damaged.
- Follow all local laws and regulations regarding firearm modifications and use.

### Specific Safety Precautions for Use

- Only use the gas block with compatible AR15 models.
- Ensure that the internal bore size (.625 or .750) matches your firearm specifications.
- Use proper safety gear, including eye protection, when handling or installing the gas block.
- If you are inexperienced with firearm modifications, seek assistance from a qualified gunsmith.
- Avoid using the gas block in extreme conditions that may affect its performance (e.g., high temperatures, corrosive environments).

### Instructions for Installation and Usage

#### 1. Preparation:

- Ensure the firearm is unloaded and the chamber is clear.
- Gather necessary tools: a torque wrench, appropriate hex keys, and blue locking compound.

#### 2. Installation:

- Remove the existing gas block if applicable.
- Clean the barrel surface where the gas block will be installed.
- Position the gas block over the dimpled area of the barrel (if applicable).
- Insert the two stainless set screws into the gas block.
- Tighten the set screws securely using a torque wrench, following the manufacturer's specifications.
- Apply blue locking compound to the screws for added security.

#### 3. Final Checks:

- Ensure that the gas block is securely attached and does not move.
- Reassemble the firearm and perform a function check to ensure proper operation.

#### 4. Usage:

- Regularly inspect the gas block during routine maintenance checks.
- Monitor for any signs of wear or damage during use.

## **Disposal Instructions**

- Dispose of any damaged or unused gas blocks in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For safety inquiries or additional support regarding the AR15 Gas Block, please refer to the manufacturer's contact information provided with your product packaging.

By following these guidelines, you can ensure the safe and effective use of your 2A Armament AR15 Gas Block. Thank you for your attention to safety!
