

HEXID COLOR IDENTIFICATION SYSTEM - HEXMAG HEXID COLOR IDENTIFICATION SYSTEM ZOMBIE GREEN 2-PK

[Magazines](#) > [Rifle Magazines](#) > [Magazine Parts](#) > [Magazine Followers](#)

Over the years Hexmag has marked their magazines using many different methods such as tape and paint. They found that colored electrical tape made the magazine marking stand out when viewed from a distance. There was no need to check letters, numbers or other text, the colored tape worked just fine as an ammo identifier. The HexID Color Identification System is based on the principle that color is the simplest way to mark your magazines. So they incorporated color into our ammo identifier design. Not only does the HexID color identification system eliminate the messy task of adding paint or tape, it can be changed in less than a minute. Finding a particular magazine in a mag pouch, gear bag or a storage cabinet has never been easier. The colors may be bright but you can be assured you're not hanging Christmas lights on your rifle. The HexID blends in perfectly with your lifestyle either at the range or in the woods. HexID is the perfect complement for three gun competitions, prepper storage, law enforcement officers and anyone who uses more than one brand of ammunition or multiple caliber rifles. High visibility, easy to see colors in critical situations. Why risk your gun, your life, your reputation, or family by loading the wrong ammunition.

Attributes

- Name: [HEXMAG HEXID COLOR IDENTIFICATION SYSTEM ZOMBIE GREEN 2-PK](#)
- Manufacturer: [HEXMAG](#)
- Product no.: 100019845
- Mfr. No.: HXID2-AR-GRN
- Weapon type: AR-15
- Quantity: 2
- Delivery weight: 0.034kg
- Shipping height: 8mm
- Shipping width: 114mm
- Shipping length: 229mm

HEXID COLOR IDENTIFICATION SYSTEM Safety Instructions

Introduction

Thank you for choosing the HEXID COLOR IDENTIFICATION SYSTEM, specifically the HEXMAG HEXID COLOR IDENTIFICATION SYSTEM ZOMBIE GREEN 2PK. This product is designed to enhance your ammunition identification process, ensuring safety and efficiency in various environments, including shooting ranges and outdoor activities. Please read this safety instruction guide carefully to understand how to use this product safely and effectively.

General Safety Guidelines

- Ensure that the HEXID COLOR IDENTIFICATION SYSTEM is used only in conjunction with compatible magazines.
- Always check that the color identifiers are securely attached to the magazines before use.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental misuse.
- Regularly inspect the HEXID identifiers for wear and tear; replace them if they show signs of damage.
- Do not use the HEXID COLOR IDENTIFICATION SYSTEM if it is damaged or malfunctioning.
- Report any unsafe conditions or incidents related to this product to the appropriate authorities.

Specific Safety Precautions for Use

- When using the HEXID COLOR IDENTIFICATION SYSTEM, always ensure that the ammunition in the magazine matches the color identifier.
- Avoid using the product in wet or muddy conditions where the identifiers may become obscured or damaged.
- Do not attempt to modify or alter the HEXID identifiers in any way, as this could compromise their effectiveness.
- Be mindful of your surroundings when identifying ammunition, ensuring that you are in a safe environment to do so.
- In case of an emergency, always prioritize safety and follow local laws and regulations regarding firearm usage.

Instructions for Installation and Usage

1. Installation of HEXID Identifiers:

- Select the appropriate HEXID color identifier for your magazine.
- Align the identifier with the designated area on the magazine.
- Press firmly to secure the identifier in place, ensuring it is not loose.

2. Usage:

- Before loading your magazine, visually confirm that the HEXID identifier matches the ammunition type.
- Store magazines with HEXID identifiers in a designated area, clearly labeled for easy identification.
- Regularly check the identifiers during use to ensure they remain visible and intact.

3. Changing Identifiers:

- If you need to change the HEXID identifier, gently peel off the existing identifier from the magazine.

- Clean the surface of the magazine where the identifier was attached to remove any residue.
- Follow the installation steps to apply a new HEXID identifier.

Disposal Instructions

- Dispose of any damaged or worn HEXID identifiers in accordance with local waste disposal regulations.
- Do not incinerate or expose the identifiers to extreme heat, as this may release harmful substances.
- For environmentally friendly disposal, consider recycling the product where facilities are available.

Contact Information for Further Support

For any questions or concerns regarding the HEXID COLOR IDENTIFICATION SYSTEM, please refer to the product packaging or visit the manufacturer's website for more information. Always ensure that you have the latest updates and safety information regarding your product.

Thank you for your attention to these safety instructions. Your safety and the safety of others is paramount when using the HEXID COLOR IDENTIFICATION SYSTEM.
