

#6 MAGNUM LEAD SHOT 25 LBS/BAG

[Reloading](#) > [Shot](#)

Building on 100 years of shot-making experience, the folks at Lawrence design their shot to pattern tightly and deliver deep penetration on game. Flows great through shotshell reloaders, too. Magnum Lead Shot is made out of a high-antimony alloy that gives extra hardness and helps prevent pellet deformation at high velocities and pressures. Graphite coating helps pellets to flow smoothly through the loader. Sold by the bag.

Safety Instruction Guide for LAWRENCE BRAND SHOT #6 MAGNUM LEAD SHOT

Introduction

Thank you for choosing LAWRENCE BRAND SHOT #6 MAGNUM LEAD SHOT. This product is designed for safe and effective use in various shooting applications. To ensure your safety and the safety of others, please read and follow these guidelines carefully.

General Safety Guidelines

- Always handle ammunition and lead shot with care and respect.
- Store lead shot in a cool, dry place, away from direct sunlight and moisture.
- Keep lead shot out of reach of children and unauthorized persons.
- Do not use lead shot in a manner that is not intended or specified by the manufacturer.
- Always wear appropriate personal protective equipment (PPE) when handling lead shot, including gloves and safety goggles.

Specific Safety Precautions for Use

- Be aware of the potential hazards associated with lead exposure. Prolonged exposure can lead to health issues.
- Do not eat, drink, or smoke while handling lead shot to avoid ingestion.
- Wash your hands thoroughly after handling lead shot to remove any residues.
- Ensure that all equipment used with lead shot is in good condition and suitable for the intended purpose.
- Follow all local regulations regarding the use and disposal of lead shot.

Instructions for Installation and Usage

1. Preparation:

- Ensure you are in a safe and controlled environment for shooting.
- Check that all shooting equipment is clean and functional.

2. Loading:

- Use appropriate shotshell reloaders for loading lead shot.
- Follow the manufacturer's instructions for your reloader to ensure proper loading techniques.

3. Shooting:

- Always aim in a safe direction and ensure the area is clear of people and obstacles.
- Use appropriate firearms that are designed to handle lead shot.

4. PostShooting:

- After shooting, clean your firearm and any equipment used to prevent lead buildup.
- Dispose of any unused lead shot or packaging responsibly.

Disposal Instructions

- Dispose of lead shot and any related materials in accordance with local regulations.
- Do not dispose of lead shot in regular household waste.

- Contact local waste management authorities for guidance on safe disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding this product, please refer to the contact information provided with your purchase or on the packaging.

By following these safety instructions, you help ensure a safe and enjoyable experience with LAWRENCE BRAND SHOT #6 MAGNUM LEAD SHOT. Always prioritize safety for yourself and those around you. Thank you for your attention to these important guidelines.
