

# RIFLE CASE LENGTH/HEADSPACE GAUGES - LYMAN .308 WIN CASE LENGTH/HEADSPACE GAUGE

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

To achieve the highest degree of safety and accuracy, Lyman recommends that all bottleneck rifle cases be inspected after resizing to ensure that the proper headspace dimension is maintained. The best way to check this critical dimension is with a Lyman case length/headspace gauge. The reloader simply inserts the case into the gauge to insure that it does not exceed the maximum or fall below the minimum allowable headspace. Caution: Any case found with excessive headspace should be destroyed immediately.

## Attributes

- Name: [LYMAN .308 WIN CASE LENGTH/HEADSPACE GAUGE](#)
- Manufacturer: [LYMAN](#)
- Product no.: 100020150
- Mfr. No.: 7832321

# Safety Instruction Guide for Lyman .308 Win Case Length/Headspace Gauge

## Introduction

Thank you for choosing the Lyman .308 Win Case Length/Headspace Gauge. This tool is designed to help reloaders ensure the safety and accuracy of their bottleneck rifle cases. Proper inspection after resizing is crucial to maintain the correct headspace dimension. This guide provides important safety instructions and usage guidelines to help you use the product safely and effectively.

## General Safety Guidelines

- Always inspect your cases after resizing to ensure proper headspace.
- Use the gauge in a welllit and clean environment to avoid accidents.
- Keep the gauge out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Caution: Any case found with excessive headspace should be destroyed immediately to prevent potential accidents.
- Do not use the gauge if it appears damaged or malfunctioning.
- Ensure that the gauge is compatible with the specific cartridge you are using, in this case, the .308 Winchester.
- Always follow the manufacturer's instructions for proper use.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the gauge is clean and free from debris.
- Gather your resized .308 Winchester cases.

### 2. Using the Gauge:

- Insert the resized case into the gauge.
- Check that the case does not exceed the maximum or fall below the minimum allowable headspace.
- If the case does not fit within the specified limits, it should be discarded immediately.

### 3. PostUse:

- Clean the gauge after each use to maintain its accuracy and longevity.
- Store the gauge in a safe and dry place when not in use.

## Disposal Instructions

- Dispose of any cases found to have excessive headspace in accordance with local regulations.
- Follow local guidelines for the disposal of any damaged or nonfunctional tools.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Lyman .308 Win Case Length/Headspace Gauge, please refer to the manufacturer's website or customer service resources.

By following these safety guidelines and instructions, you can ensure the safe and effective use of your Lyman .308 Win Case Length/Headspace Gauge. Thank you for prioritizing safety in your reloading practices!
