Redding Full Length Die Set Safety Instructions

Introduction

Thank you for choosing the Redding Full Length Die Set for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of your die set. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that you are familiar with the reloading process and have received proper training or guidance.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the work area clean and organized to prevent accidents.
- Store the die set and all reloading components out of reach of children and unauthorized users.
- Regularly inspect your die set for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding reloading and ammunition.

Specific Safety Precautions for Use

- Always use the die set in accordance with the manufacturer's instructions.
- Do not exceed the recommended load data for any cartridge.
- Avoid distractions while reloading; focus on the task at hand.
- Ensure that your work area is wellventilated to avoid inhaling any dust or fumes.
- If you notice any unusual sounds or resistance while using the die set, stop immediately and inspect the equipment.
- Never leave the reloading process unattended.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is securely mounted.
- Follow the specific instructions provided with your Redding Full Length Die Set for installation.
- Tighten the die securely, but do not overtighten, which could cause damage.

2. Usage:

- Begin by preparing your brass cases according to standard reloading practices.
- Use the full length sizing die to resize the brass cases. Ensure that the die is set correctly for your specific cartridge (17 Hornet).
- After resizing, use the seating die to properly seat the bullet into the prepared case.
- Carefully check the overall length of the loaded cartridge to ensure it meets specifications.
- Store any unused components and completed cartridges safely.

Disposal Instructions

- Dispose of any unused or damaged reloading components in accordance with local regulations.
- Do not throw away spent primers or other hazardous materials in regular trash; check local guidelines for hazardous waste disposal.

Contact Information for Further Support

For any safety inquiries or additional support regarding your Redding Full Length Die Set, please refer to the manufacturer's contact information provided in the packaging or on the official website.

By following these safety instructions, you can ensure a safe and efficient reloading experience with your Redding Full Length Die Set. Always prioritize safety in all reloading activities. Thank you for your attention to these important guidelines.
