

TSR PICATINNY SCOPE RINGS - TPS PRODUCTS 1" LOW (0.785") STEEL RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Super Holding Power, Precision Alignment

TSR Series Rings, precisely machined from an aluminum billet, with tolerances held to .0002", give maximum scope/ring contact. Holds scope securely against recoil. Four-screw cap lets you align the reticle, tighten the left side of the cap, then the right side without the scope rotating. Radiused edges and corners help prevent snagging while providing attractive appearance. Large, clamp-nut lets you torque rings to Mil-STD 1913 (Picatinny) bases.

Attributes

- Name: [TPS PRODUCTS 1" LOW \(0.785"\) STEEL RINGS](#)
- Manufacturer: [TPS PRODUCTS](#)
- Product no.: 100020380
- Mfr. No.: 30500
- Finish: -
- Height: .785"
- Material: Steel
- Scope Tube Diameter: 1"
- Size: Low
- Style: Steel
- Delivery weight: 0.181kg
- Shipping height: 56mm
- Shipping width: 61mm
- Shipping length: 97mm
- UPC: 071611305006

TSR Picatinny Scope Rings Safety Instruction Guide

Introduction

Thank you for choosing the TSR Picatinny Scope Rings by TPS Products. This guide provides essential safety instructions and guidelines for the proper use and handling of your scope rings. Please read this document carefully to ensure safe and effective use.

General Safety Guidelines

- Always inspect the product for any visible damage before use.
- Ensure that the scope rings are compatible with your scope and firearm.
- Follow all manufacturer instructions and guidelines for the installation and use of your scope rings.
- Ensure that the rings are securely tightened to prevent any movement during use.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Report any unsafe product conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use only the recommended tools for installation to avoid damaging the scope rings or firearm.
- Do not exceed the recommended torque specifications when tightening the rings.
- Avoid using the scope rings in extreme weather conditions that may affect their performance.
- Regularly check the scope rings for signs of wear or damage, especially after heavy use.
- Do not modify the scope rings in any way, as this may compromise safety and performance.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.

2. Installation:

- Place the base of the scope rings onto the Picatinny rail on your firearm.
- Align the scope rings with the desired position for your scope.
- Insert and handtighten the screws to hold the scope rings in place.
- Using a torque wrench, tighten the screws to the specified torque setting (consult the product specifications for the exact value).
- Ensure that the scope is level and adjust as necessary before fully tightening the screws.

3. Usage:

- Before each use, doublecheck that the scope rings are secure and that the scope is properly aligned.
- After installation, conduct a test fire to ensure that the scope remains in place and functions correctly.
- If you notice any movement or misalignment during use, stop immediately and inspect the scope rings.

Disposal Instructions

- Dispose of the scope rings and packaging materials in accordance with local regulations.
- Do not dispose of the product in regular household waste if it contains any hazardous materials.
- Consider recycling materials where possible to minimize environmental impact.

Contact Information for Further Support

For any inquiries or concerns regarding the TSR Picatinny Scope Rings, please contact your local TPS Products representative or authorized dealer. They will assist you with any questions or issues you may have.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy using your TSR Picatinny Scope Rings responsibly.
