

TSR PICATINNY SCOPE RINGS - TPS PRODUCTS 30MM MEDIUM (1.075") STEEL RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Super Holding Power, Precision Alignment

TSR Series Rings, precisely machined from an aluminum billet, with tolerances held to .0002", give maximum scope/ring contact. Holds scope securely against recoil. Four-screw cap lets you align the reticle, tighten the left side of the cap, then the right side without the scope rotating. Radiused edges and corners help prevent snagging while providing attractive appearance. Large, clamp-nut lets you torque rings to Mil-STD 1913 (Picatinny) bases.

Attributes

- Name: [TPS PRODUCTS 30MM MEDIUM \(1.075"\) STEEL RINGS](#)
- Manufacturer: [TPS PRODUCTS](#)
- Product no.: 100020384
- Mfr. No.: 30571
- Height: 1.075"
- Material: Steel
- Scope Tube Diameter: 30mm
- Size: Medium
- Style: Steel
- Delivery weight: 0.204kg
- Shipping height: 91mm
- Shipping width: 61mm
- Shipping length: 58mm
- UPC: 071611305716

TSR Picatinny Scope Rings Safety Instructions

Introduction

Thank you for choosing the TSR Picatinny Scope Rings by TPS Products. These highquality steel rings are designed to securely hold your scope in place, providing optimal performance while ensuring safety during use. This guide provides essential safety instructions and guidelines to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the scope rings are compatible with your scope and firearm.
- Inspect the scope rings for any damage or defects before installation.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product incidents or accidents to the relevant authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper installation may lead to scope misalignment, affecting accuracy.
- Failure to securely tighten the rings can result in the scope loosening during use.
- Sharp edges may cause cuts or injuries during handling.

- **Avoiding Hazards:**

- Always doublecheck that the scope is properly secured before use.
- Use caution when handling the rings to avoid injury from sharp edges.
- Ensure that the area is clear of obstructions while installing or adjusting the scope.

- **AudienceSpecific Warnings:**

- This product is not intended for use by children. Ensure adult supervision during installation and usage.

Instructions for Installation and Usage

1. Installation:

- Gather the necessary tools: a torque wrench and appropriate screwdriver.
- Ensure the firearm is unloaded and pointed in a safe direction.
- Place the scope in the rings and align it to your desired position.
- Secure the scope by tightening the fourscrew cap, starting with the left side and then the right side to prevent rotation.
- Use the clampnut to torque the rings to MilSTD 1913 (Picatinny) specifications.
- Check that the scope is securely held in place and does not move.

2. Usage:

- Regularly inspect the scope rings for any signs of wear or damage.
- After heavy use or transportation, recheck the tightness of the rings.
- If you notice any issues such as looseness or misalignment, stop using the product and address the

issue before further use.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options for metal components where available.

Contact Information for Further Support

For any questions or concerns regarding the TSR Picatinny Scope Rings, please refer to the product packaging or visit the manufacturer's website for additional support resources.

Thank you for prioritizing safety and compliance when using the TSR Picatinny Scope Rings. Your attention to these guidelines will help ensure a safe and enjoyable experience.
