

# TSR PICATINNY SCOPE RINGS - TPS PRODUCTS 34MM MEDIUM (1.185") ALUMINUM RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

## Super Holding Power, Precision Alignment

TSR Series Rings, precisely machined from an aluminum billet, with tolerances held to .0002", give maximum scope/ring contact. Holds scope securely against recoil. Four-screw cap lets you align the reticle, tighten the left side of the cap, then the right side without the scope rotating. Radiused edges and corners help prevent snagging while providing attractive appearance. Large, clamp-nut lets you torque rings to Mil-STD 1913 (Picatinny) bases.

## Attributes

- Name: [TPS PRODUCTS 34MM MEDIUM \(1.185"\) ALUMINUM RINGS](#)
- Manufacturer: [TPS PRODUCTS](#)
- Product no.: 100020393
- Mfr. No.: 30596
- Finish: -
- Height: 1.185"
- Material: Aluminum
- Scope Tube Diameter: 34mm
- Size: Medium
- Style: -
- Delivery weight: 0.068kg
- Shipping height: 58mm
- Shipping width: 58mm
- Shipping length: 94mm
- UPC: 071611305969

# TSR Picatinny Scope Rings Safety Instruction Guide

## Introduction

Thank you for choosing the TSR Picatinny Scope Rings by TPS Products. These aluminum rings are designed for secure mounting of your scope, providing stability and precision during use. This guide will help you understand the safe use, installation, and disposal of your scope rings in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always inspect the product for any visible damage before use.
- Ensure that the scope rings are compatible with your scope and firearm.
- Store the product in a cool, dry place away from direct sunlight.
- Follow all safety instructions provided by the firearm and scope manufacturers.
- Keep the product out of reach of children and vulnerable individuals.

## Specific Safety Precautions for Use

- Do not exceed the recommended torque settings when installing the rings to avoid damaging the product or the firearm.
- Ensure the scope is properly aligned and secured to prevent movement during use.
- Avoid using the scope rings with damaged or defective scopes.
- Regularly check the tightness of the scope rings after installation, especially after heavy use.
- Be cautious of sharp edges when handling the rings to prevent injury.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a torque wrench and screwdriver.
- Ensure your firearm is unloaded and pointed in a safe direction.

### 2. Installation Steps

- Place the scope rings onto the Picatinny rail of your firearm.
- Align the rings with the scope mounting points.
- Insert the screws into the cap of the rings and handtighten them.
- Using a torque wrench, tighten the screws to the recommended torque settings, ensuring even pressure on both sides of the cap.
- Align the reticle of your scope by adjusting the scope within the rings. Tighten the left side of the cap first, followed by the right side to prevent rotation.

### 3. Usage Tips

- Always check the alignment and tightness of the scope rings before use.
- Be aware of any changes in performance and check the scope rings if issues arise.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Recycle aluminum components where possible.

- Do not dispose of the product in household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the TSR Picatinny Scope Rings, please refer to the manufacturer's contact information provided on the packaging or the product's website.

By following these guidelines, you can ensure the safe and effective use of your TSR Picatinny Scope Rings. Thank you for your attention to safety, and enjoy your shooting experience!
