

TSR SUPER LOW PICATINNY RINGS - TPS PRODUCTS TSR SUPER LOW STEEL RINGS 30MM

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

TSR SL (Super-Low) Series Rings. Providing an extremely low mounting solution for those special applications. Precisely machined with tolerances held to .0002", give maximum scope/ring contact. Holds scope securely against recoil. Four-screw cap lets you align the reticle, tighten the left side of the cap, then the right side without the scope rotating. Radiused edges and corners help prevent snagging while providing attractive appearance. Large, clamp-nut lets you torque rings to Mil-STD 1913 (Picatinny) bases. Height measured from top of base to center of ring.

Attributes

- Name: [TPS PRODUCTS TSR SUPER LOW STEEL RINGS 30MM](#)
- Manufacturer: [TPS PRODUCTS](#)
- Product no.: 100020396
- Mfr. No.: 32570

TSR SUPER LOW PICATINNY RINGS Safety Instruction Guide

Introduction

Thank you for choosing the TSR SUPER LOW PICATINNY RINGS by TPS PRODUCTS. This guide provides essential safety instructions to ensure the safe use and installation of your scope rings. Please read this document carefully before use to avoid potential hazards and ensure optimal performance.

General Safety Guidelines

- Ensure you are familiar with all components of the TSR SUPER LOW PICATINNY RINGS before installation.
- Always follow the manufacturer's instructions during installation and usage.
- Inspect the product for any visible defects or damages before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- If you experience any issues or have questions regarding safety, seek assistance from a qualified professional.

Specific Safety Precautions for Use

- The TSR SUPER LOW PICATINNY RINGS are designed for use with 30mm scope tubes. Ensure compatibility before installation.
- Always tighten the screws securely to prevent the scope from moving or rotating during use.
- Avoid overtightening the screws, as this may damage the rings or the scope.
- Regularly check the tightness of the screws, especially after heavy use or recoil.
- Do not modify or alter the product in any way, as this may compromise safety and performance.
- Be aware of the potential for recoil when using highcaliber firearms. Ensure the scope is properly secured to prevent accidents.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure the mounting surface is clean and free from debris.

2. Installation Steps

- Align the TSR SUPER LOW PICATINNY RINGS with your Picatinny base.
- Place the scope into the rings, ensuring it is positioned correctly.
- Adjust the rings so that the scope is level and aligned with your shooting point of aim.
- Secure the scope by tightening the fourscrew cap. Start by tightening the left side, followed by the right side to maintain alignment.
- Use a torque wrench to tighten the clampnut to the specified torque for MilSTD 1913 (Picatinny) bases.

3. Usage

- Once installed, check the alignment of the reticle and make any necessary adjustments.
- Before firing, always ensure that the rings are secure and that there are no loose components.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling programs or designated disposal sites for metal products.

Contact Information for Further Support

For any questions or concerns regarding the TSR SUPER LOW PICATINNY RINGS, please consult the manufacturer's website or contact customer support for assistance.

Thank you for your attention to these safety instructions. Proper use and maintenance of the TSR SUPER LOW PICATINNY RINGS will enhance your shooting experience and ensure your safety.
