

TSR-W PICATINNY/WEAVER SCOPE RINGS - TPS PRODUCTS TSR-W ALUMINUM RINGS 30MM LOW

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

TSR "W" Series Rings, precisely machined from an alloy steel billet, with tolerances held to .0002", give maximum scope/ring contact. Holds scope securely against recoil. Four-screw cap lets you align the reticle, tighten the left side of the cap, then the right side without the scope rotating. Radiused edges and corners help prevent snagging while providing attractive appearance. Large, clamp-nut lets you torque rings to Weaver-style or Mil-STD 1913 (Picatinny) bases.

Attributes

- Name: [TPS PRODUCTS TSR-W ALUMINUM RINGS 30MM LOW](#)

TSRW Picatinny/Weaver Scope Rings Safety Instruction Guide

Introduction

Thank you for choosing the TSRW Picatinny/Weaver Scope Rings by TPS Products. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your scope rings. Please read this guide thoroughly before use to avoid any risks associated with improper handling or installation.

General Safety Guidelines

- Ensure that this product is used only for its intended purpose, which is to securely mount a scope onto a firearm.
- Always handle firearms and accessories with care and follow all safety protocols.
- Regularly inspect the scope rings for wear or damage before each use.
- Keep the product out of reach of children and unauthorized users.
- If you experience any difficulties during installation or usage, seek assistance from a qualified professional.

Specific Safety Precautions for Use

- Do not exceed the recommended torque specifications when tightening the rings to prevent damage to the scope or rings.
- Ensure that the scope is properly aligned before tightening the screws to avoid misalignment during use.
- Be aware of the recoil generated by your firearm; ensure that the rings are securely fastened to withstand this force.
- Avoid using the product in extreme weather conditions, as this may affect the integrity of the materials.
- If you notice any unusual movement or looseness in the rings during use, stop using the firearm immediately and inspect the rings.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure that the firearm is unloaded and pointed in a safe direction.

2. Installation:

- Place the scope rings on the Picatinny or Weaver base, aligning them with the desired mounting position.
- Insert the scope into the rings, ensuring that it is level and properly positioned for your shooting style.
- Using the torque wrench, tighten the screws on the rings gradually. Start with the left side of the cap, then proceed to the right side, ensuring that the scope remains aligned throughout.

3. PostInstallation Check:

- After installation, doublecheck that all screws are tightened to the manufacturer's specifications.
- Test the stability of the scope by gently pulling on it to ensure that it is securely mounted.

4. Usage:

- Always follow safe firearm handling practices while using the scope.
- Regularly check the tightness of the scope rings during use, especially after extended shooting sessions.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, consider recycling the materials where possible.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your TSRW Picatinny/Weaver Scope Rings. Thank you for your attention to safety!
