

TSR-W PICATINNY/WEAVER SCOPE RINGS - TPS PRODUCTS TSR-W ALUMINUM RINGS 30MM MEDIUM

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

TSR "W" Series Rings, precisely machined from an alloy steel billet, with tolerances held to .0002", give maximum scope/ring contact. Holds scope securely against recoil. Four-screw cap lets you align the reticle, tighten the left side of the cap, then the right side without the scope rotating. Radiused edges and corners help prevent snagging while providing attractive appearance. Large, clamp-nut lets you torque rings to Weaver-style or Mil-STD 1913 (Picatinny) bases.

Attributes

TSRW Picatinny/Weaver Scope Rings Safety Instruction Guide

Introduction

Thank you for choosing the TSRW Picatinny/Weaver Scope Rings by TPS Products. These aluminum scope rings are designed to securely mount your scope, ensuring optimal performance and safety during use. This guide provides important safety instructions and guidelines to ensure safe usage and compliance with EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure safe use of the scope rings by following these guidelines:
 - Always inspect the scope rings before installation for any signs of damage or defects.
 - Use the scope rings only for their intended purpose, which is to securely mount a scope to a firearm.
 - Keep the scope rings out of reach of children and vulnerable individuals to avoid accidents.
 - Store the scope rings in a dry, cool place when not in use to prevent corrosion and damage.
 - Regularly check the tightness of the scope rings to ensure they remain securely fastened during use.

Specific Safety Precautions for Use

- To avoid potential hazards while using the TSRW Scope Rings, please follow these precautions:
 - Do not exceed the recommended torque specifications when tightening the rings to avoid damage.
 - Ensure the scope is properly aligned before tightening the screws to prevent misalignment during shooting.
 - If you experience any difficulties during installation or use, stop immediately and consult a professional.
 - Avoid using the scope rings with incompatible equipment, as this may lead to failure or accidents.
 - Be aware of your surroundings and ensure a safe shooting environment when using mounted equipment.

Instructions for Installation and Usage

1. Installation of Scope Rings:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure that the firearm is unloaded and pointed in a safe direction before proceeding.
- Place the base of the scope rings onto the Picatinny or Weaver rail of the firearm.
- Align the scope rings to the desired position and ensure they are level.
- Insert the screws into the scope rings and handtighten them initially.
- Use a torque wrench to tighten the screws to the manufacturer's recommended torque specifications.
- Doublecheck the alignment of the scope before fully tightening the screws.

2. Usage of Scope Rings:

- Once installed, ensure that the scope is securely mounted and does not shift during use.
- Regularly check the tightness of the mounting screws, especially after extended use or heavy recoil.
- If you notice any movement or loosening of the scope, stop using the firearm and recheck the installation.

Disposal Instructions

- When disposing of the TSRW Scope Rings, please follow these guidelines:
 - Dispose of the product in accordance with local regulations regarding metal waste.
 - Do not dispose of the product in regular household waste.
 - Consider recycling the aluminum material if possible to reduce environmental impact.

Contact Information for Further Support

- For any safety inquiries, product support, or to report unsafe products, please contact your local EUbased consumer safety authority. Ensure you have the product details available for reference.

By following these guidelines, you can help ensure your safety and the safety of others while using the TSRW Picatinny/Weaver Scope Rings. Thank you for your attention to these important safety instructions.
