

# AR-15 BORE GUIDE

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

The TCS AR-15 Bore Guide may be the single most important cleaning tool for preserving the long term accuracy of your firearm. This tool keeps the cleaning rod perfectly straight so that it can not make contact with the sides of your barrel. To use this tool, simply remove the upper of your AR-15 style rifle and then pull the charging handle back and remove the bolt carrier group. Insert the bore guide into the upper, where the bolt carrier group would normally go. Center a patch treated with TCS Bore Paste on the back of the bore guide. Using a TCS Bore Jag on a TCS Rod, press the patch through the bore guide and into the bore. Repeat with TCS Solvent. This fine tool is made with pride in the USA. Fits most AR-15, M-16 style rifles in 223/5.56 Anodized Aluminum Rubber O-Rings

## Attributes

# TCS AR15 Bore Guide Safety Instructions

## Introduction

Thank you for choosing the TCS AR15 Bore Guide. This tool is essential for maintaining the accuracy and longevity of your firearm. It is designed to facilitate safe and effective cleaning of your AR15 style rifle. Please read this manual carefully to ensure safe usage and proper maintenance.

## General Safety Guidelines

- Always handle firearms with care and follow all safety protocols.
- Ensure that your firearm is unloaded before using the bore guide.
- Keep the bore guide and all cleaning supplies out of reach of children.
- Use the bore guide only for its intended purpose.
- Inspect the bore guide for any damage before use. Do not use if damaged.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

## Specific Safety Precautions for Use

- Ensure that the cleaning rod is properly aligned with the bore guide to prevent damage to the barrel.
- Use only TCS Bore Paste, TCS Solvent, and TCS Bore Jag with the bore guide.
- Avoid excessive force when pushing the cleaning patch through the bore guide.
- Do not leave cleaning materials in the bore for extended periods.
- Always wear safety glasses when cleaning your firearm to protect your eyes from debris.

## Instructions for Installation and Usage

### 1. Preparation:

- Remove the upper receiver from your AR15 style rifle.
- Pull the charging handle back and remove the bolt carrier group.

### 2. Installing the Bore Guide:

- Insert the bore guide into the upper receiver where the bolt carrier group would normally be placed.
- Ensure that the bore guide is seated properly and aligned with the bore.

### 3. Applying Cleaning Materials:

- Center a patch treated with TCS Bore Paste on the back of the bore guide.
- Attach the TCS Bore Jag to a TCS Rod.
- Press the patch through the bore guide and into the bore of the rifle.

### 4. Cleaning Process:

- Repeat the process using TCS Solvent as needed.
- Ensure that you do not force the cleaning rod, as this may cause damage.

### 5. Completion:

- Once cleaning is complete, remove the bore guide from the upper receiver.
- Reassemble your AR15 style rifle according to the manufacturer's instructions.

## **Disposal Instructions**

- Dispose of used cleaning patches and materials in accordance with local regulations.
- Do not dispose of cleaning materials in the household waste.
- Check for local hazardous waste disposal options for any unused cleaning products.

## **Contact Information for Further Support**

For any questions regarding the use of the TCS AR15 Bore Guide or to report safety concerns, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for your attention to these safety guidelines. By following these instructions, you will help ensure a safe and effective cleaning experience with your TCS AR15 Bore Guide.
