## PRIMARY WEAPONS FSC556 MOD 2 .22 CALIBER COMPENSATOR FOR AR-15

In addition to offering superior compensation characteristics, PWS FSC Series provides enough flash suppression to keep the flash out of your optics and line of sight. Designed for both competitive and tactical use, the FSC Series allows for superior muzzle stabilization and aids the shooter in faster follow-up shots and accuracy. The unique port design of the FSC Series yields muzzle control that meets or exceeds the performance of the best muzzle brakes on the market without the teeth-rattling overpressure indicative of other brakes and compensators. The FSC556 model is a suppressor-compatible mount for select models of the Gemtech HALO. SPECS Caliber - .223 Length - 2.33" Diameter - .865" Thread Pitch - 1/2x28 RH Weight - 2.5 oz

# Safety Instruction Guide for AR15 FSC556 MOD 2 Compensator 22 Caliber

## Introduction

Thank you for choosing the AR15 FSC556 MOD 2 Compensator 22 Caliber. This guide provides essential safety information and instructions to ensure safe and effective use of this product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that you are familiar with the operation and handling of firearms before using this compensator.
- Always treat firearms as if they are loaded, even when you believe they are not.
- Store the compensator and all firearms securely, out of reach of children and unauthorized users.
- Inspect the compensator regularly for any signs of damage or wear.
- Do not exceed the manufacturer's specified caliber and thread pitch for this compensator.
- Follow all local laws and regulations regarding the use of compensators and firearms.

## Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using firearms equipped with the compensator.
- Be aware of your surroundings and ensure that you are in a safe environment when firing.
- Ensure that the compensator is properly installed before use. An improperly installed compensator can result in malfunction or injury.
- Do not modify the compensator in any way. Modifications can compromise safety and performance.
- Avoid using the compensator with ammunition that exceeds the specified caliber of .223.
- Be cautious of muzzle rise and recoil, especially during rapid fire. The compensator is designed to reduce these effects but does not eliminate them completely.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove any existing muzzle device from the firearm.
- Clean the threading on the muzzle to remove any debris or obstruction.
- Align the compensator with the muzzle and screw it on clockwise until it is snug. Do not overtighten.
- Ensure that the compensator is securely attached and properly aligned before use.

### 2. Usage:

- Load the firearm according to the manufacturer's instructions.
- Ensure the compensator is functioning as intended by firing in a controlled environment.
- Monitor the performance of the compensator during use, paying attention to any unusual sounds or behaviors.

## Disposal Instructions

- Dispose of the compensator in accordance with local regulations.
- Do not dispose of the compensator in regular household waste. Check for specialized recycling or disposal facilities for metal products.
- Ensure that the compensator is rendered unusable before disposal to prevent unauthorized use.

## **Contact Information for Further Support**

For any further questions or concerns regarding the safety and use of the AR15 FSC556 MOD 2 Compensator 22 Caliber, please contact the manufacturer or a qualified firearms expert.

Thank you for prioritizing safety and compliance while using your compensator.
