

AR 308 L7AWM TRANSLUCENT DARK EARTH 10-RD MAGAZINES - LANCER SYSTEMS L7AWM 10RD TRANSLUCENT DARK EARTH

[Magazines](#) > [Rifle Magazines](#) > [Magazines](#)

When they set out to develop a tough and reliable .308 polymer magazine on the market, Lancer took engineering inspiration from the L5AWM (5.56) and the SIG Sauer MPX, combining the best advances of both to bring the L7AWM 308 Winchester magazine to life. The L7AWM is lightweight with steel feed lips that wrap completely around the magazine to maximize stiffness and reliability while preventing dimpling to the front of the magazine. A switchable drain lock in the floor plate comes standard on all L7s, allowing users to configure the magazine for either water-borne or extreme dust conditions. The L7AWM is designed to work in multiple weapon systems. Will NOT fit AR10, SCAR17 or HK417 FITS: SR25, DPMS, LM308, SIG 716, LARUE OBR or ROBINSON XCR
