# Safety Instruction Guide for AK Railed Gas Tube Black

## Introduction

Thank you for choosing the AK Railed Gas Tube Black from Midwest Industries. This product is designed to enhance your shooting experience while ensuring safety and reliability. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Ensure that the firearm is unloaded before installing or handling the gas tube.
- Always handle firearms with care and in compliance with local laws and regulations.
- Keep the gas tube and all firearm components out of reach of children and unauthorized users.
- Do not use the gas tube if it appears damaged or if you suspect it has been compromised.
- Regularly check the gas tube and mounting system for any signs of wear or damage.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using firearms.
- Ensure that the firearm is pointed in a safe direction at all times, especially during installation.
- Follow the manufacturer's instructions for the proper use of the gas tube with your specific firearm model (AK47, AK74).
- Avoid using the gas tube in extreme conditions (e.g., excessive heat, cold, or moisture) that may affect its performance.
- Be aware of your surroundings and ensure that you are in a safe environment when using your firearm.

## Instructions for Installation and Usage

### Installation Instructions

1. **Preparation:** Ensure the firearm is completely unloaded. Remove any ammunition from the area.
2. **Remove the Existing Gas Tube:**
  - Carefully detach the existing gas tube from the firearm according to the manufacturer's instructions.
3. **Install the AK Railed Gas Tube:**
  - Align the new gas tube with the mounting points on the firearm.
  - Securely attach the gas tube, ensuring that it fits snugly and is properly aligned.
4. **Check the Installation:**
  - Verify that the gas tube is securely mounted and does not wobble.
  - Ensure that all components are properly fitted before proceeding.
5. **Sight Alignment:**
  - If using an Aimpoint micro red dot sight, adjust the sight to achieve a lower 1/3 cowitness sight picture with the installed gas tube.

### Usage Instructions

- Always follow safe handling practices when using your firearm.
- Regularly check the gas tube and mounting system for stability and security before each use.
- After installation, test the gas tube with a few rounds to ensure proper function and alignment.
- If any issues arise during use, cease operation immediately and inspect the gas tube for damage or misalignment.

## **Disposal Instructions**

- Dispose of the gas tube in accordance with local regulations for metal recycling.
- Ensure that all components are removed from the firearm before disposal.
- Do not dispose of the gas tube in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the AK Railed Gas Tube Black, please refer to the manufacturer's website or product documentation for contact information. Always ensure you have access to reliable support for your safety and the effective use of your products.

Thank you for your attention to these safety guidelines. Your safety and the safe operation of your firearm are of utmost importance. Enjoy your shooting experience with the AK Railed Gas Tube Black from Midwest Industries.
