Safety Instruction Guide for KE ARMS Safety Plunger

Introduction

Thank you for choosing the KE ARMS Safety Plunger, an aftermarket safety component designed for various Glock models. This guide provides essential safety instructions and information to ensure the safe use and handling of the safety plunger. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the product is suitable for your specific Glock model: 17, 19, 22, 23, 26, 27, 31, 32, 33, 34, and 40.
- Always handle the safety plunger with care to avoid injury or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the safety plunger for any signs of wear or damage.
- In case of any doubts regarding the product's safety or functionality, consult a qualified professional.

Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installation or maintenance.
- Use protective eyewear when handling firearms or firearm components.
- Avoid using excessive force when installing the safety plunger; this may cause damage.
- Ensure that the plunger is properly seated and functioning before using the firearm.
- Do not modify the safety plunger in any way, as this may compromise its safety and functionality.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather necessary tools for installation, including a punch tool and a small hammer.

2. Installation Steps

- Remove the slide from the Glock firearm according to the manufacturer's instructions.
- Locate the existing safety plunger in the slide.
- Using the punch tool, carefully push out the existing safety plunger.
- Take the KE ARMS Safety Plunger and align it with the plunger hole.
- Gently tap the plunger into place using the hammer and punch tool until it is securely seated.
- Reassemble the slide onto the firearm.

3. PostInstallation Check

- Conduct a function check to ensure that the safety plunger is operating correctly.
- Ensure that the firearm operates safely and as intended.

Disposal Instructions

- Dispose of any old safety plungers and packaging materials in accordance with local regulations.
- Do not dispose of in household waste; check for local recycling programs or hazardous waste disposal facilities.

Contact Information for Further Support

For safety inquiries or concerns regarding the KE ARMS Safety Plunger, please reach out to the designated contact point available in your region.

Conclusion

The KE ARMS Safety Plunger is designed to enhance the safety of your Glock firearm. By following the instructions and safety guidelines outlined in this document, you can ensure safe and effective use of the product. Always prioritize safety and consult professionals if you have any questions or concerns. Thank you for your attention to safety.
