Super-Durable & Ultra-Dependable PMAG Refined & Battle-Hardened By Combat Experience

The polymer magazine that revolutionized magazine technology for the AR-15/M16/M4 platform just got even better. The third-generation PMAG further expands the strength, reliability, and versatility of the original PMAG. Along with all variants of the AR-15/M16/M4, the GEN M3 is fully compatible with the HK® 416 and MR556A1, M27 IAR, British SA-80, and even the FN® SCAR™ MK 16/16S. It's molded from a polymer formula that delivers distinctly greater resistance to crushing and all forms of impact, with extra reinforcement in the mag catch and feed lip areas. A new-design four-way anti-tilt follower ensures even smoother feeding, even when contaminated by dust or grit. Pop-off dust cover, included, helps minimize debris intrusion and prevent damage during storage. The removable floorplate is both stronger and slimmer for easier side-by-side carry in tight mag pouches. A pen dot matrix on each side allows consistent ID marking that resists handling wear. PMAG 30 is available with a clear polymer window on each side that lets you see the load status at a glance. Windows are made from an all-new, advanced clear polymer formula that offers even more resistance to chemicals and impact than the original MagLevel PMAG.

Introduction

Thank you for choosing the AR15 30RD PMAG GEN M3 Window Magazine. This guide provides essential safety instructions and guidelines to ensure the safe use and handling of your magazine. Please read this document carefully before use to understand the safety requirements and proper handling procedures.

General Safety Guidelines

- Ensure that the magazine is compatible with your firearm model before use.
- Always handle the magazine with care and store it in a safe place away from children and unauthorized users.
- Regularly inspect the magazine for any signs of damage or wear.
- Avoid exposing the magazine to extreme temperatures, chemicals, or moisture.
- Follow all local laws and regulations regarding the use of firearms and magazines.
- If you encounter any issues or concerns regarding the magazine, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Always keep the magazine unloaded when not in use.
- Do not attempt to modify or disassemble the magazine.
- Ensure that the magazine is properly seated in the firearm before use.
- Use only recommended ammunition (5.56mm/.223) in the magazine.
- Be aware of your surroundings and ensure a safe area when loading or unloading the magazine.
- Always treat the firearm as if it is loaded, even when the magazine is removed.

Instructions for Installation and Usage

1. Installation

- Ensure the firearm is pointed in a safe direction and is unloaded.
- Align the magazine with the magazine well of the firearm.
- Push the magazine firmly into place until it clicks.

2. Loading the Magazine

- Hold the magazine with the feed lips facing upward.
- Insert the rounds into the magazine one at a time, ensuring they are seated properly.
- Do not overload the magazine beyond its 30round capacity.

3. Using the Magazine

- Insert the loaded magazine into the firearm as described in the installation section.
- Ensure the firearm is in a safe position before loading.
- Follow standard firearm safety practices while handling the firearm.

4. Unloading the Magazine

- Point the firearm in a safe direction.
- Remove the magazine from the firearm.

- Eject any remaining rounds from the magazine carefully.

Disposal Instructions

- Dispose of the magazine in accordance with local regulations.
- If the magazine is damaged or no longer functional, do not attempt to repair it.
- Contact local waste management services for guidance on proper disposal methods.
