

AR-15 M4 RAS FOREND ASSEMBLY - KNIGHTS ARMAMENT M4 RAS HANDGUARD

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The KAC M4 RAS (Rail Adapter System) was developed for use on the US military's M4 Carbine, and with over 1 million rails issued to date, it is one of the most battle proven designs available for the AR-15 platform. This non-free float handguard is a simple-to-install, drop-in upgrade that features genuine Mil-Spec M1913 Picatinny Rails along its entire length. What sets the M4 RAS apart from other 2-piece quad rails on the market is that it securely locks to the rifle's barrel nut via a clamp and screw arrangement, making it a very solid foundation upon which to mount tactical accessories. Includes three KAC 11 Rib Rail Panels. Rifle Requirements: The M4 RAS is a drop-in replacement part for standard, 2-piece polymer, M4-type handguards. The rifle must have a carbine length gas system, delta ring assembly, fixed front sight/gas block, and round handguard end cap. Lighter barrel profiles work best (M4 or Government contours). Heavier barrel contours may require modification to the inside of the rail. For AR-15/SR-15 based platforms only; not compatible with SR-25 variants. Installation instructions are included.

Attributes

- Name: [KNIGHTS ARMAMENT M4 RAS HANDGUARD](#)
- Manufacturer: [KNIGHTS ARMAMENT](#)
- Product no.: 100023368
- Mfr. No.: 98064

Safety Instruction Guide for AR15 M4 RAS Forend Assembly

Introduction

Thank you for choosing the KAC M4 RAS (Rail Adapter System) for your AR15 platform. This product is designed to enhance the functionality of your firearm while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that the firearm is unloaded before installing or handling the M4 RAS.
- Always follow safe handling practices when dealing with firearms.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the M4 RAS for signs of wear or damage.
- If you notice any defects, do not use the product and contact a qualified gunsmith.
- Be aware of your surroundings and ensure that your shooting environment is safe.

Specific Safety Precautions for Use

- The M4 RAS is designed for use with AR15/SR15 platforms only. It is not compatible with SR25 variants.
- Ensure that your rifle has a carbine length gas system, delta ring assembly, fixed front sight/gas block, and round handguard end cap.
- Lighter barrel profiles (M4 or Government contours) are recommended for optimal performance. Heavier barrel contours may require modifications.
- Always ensure that the handguard is securely attached to the rifle before use.
- Do not apply excessive force or torque when installing the handguard to avoid damage.
- Use only compatible tactical accessories designed for the M4 RAS.

Instructions for Installation and Usage

1. Preparation

- Ensure the rifle is unloaded and the safety is engaged.
- Gather necessary tools for installation (screwdriver, etc.).

2. Removing the Old Handguard

- Press the delta ring assembly to release the existing handguard.
- Remove the old handguard from the rifle.

3. Installing the M4 RAS

- Align the M4 RAS with the rifle's barrel nut.
- Slide the handguard into place, ensuring it fits snugly.
- Secure the handguard using the clamp and screw arrangement provided.
- Check for any movement or play in the handguard.

4. Installing Rail Panels

- Attach the included KAC 11 Rib Rail Panels to the desired locations on the M4 RAS.
- Ensure that the panels are securely fastened.

5. Final Inspection

- Doublecheck all installations for tightness and security.
- Test the handguard by gently applying pressure to ensure stability.

Disposal Instructions

- Dispose of any packaging materials responsibly and in accordance with local regulations.
- If the M4 RAS is damaged or no longer in use, dispose of it in a manner that prevents unauthorized use.
- Consider recycling materials where possible.

Contact Information for Further Support

For any safety inquiries or concerns regarding the KAC M4 RAS, please reach out to your local authorized dealer or manufacturer. Ensure that you have the product details available for a quicker response.

Thank you for taking the time to read this safety instruction guide. Your safety and the safety of others is our top priority. Enjoy your enhanced shooting experience with the KAC M4 RAS!
