

# MAGAZINE CARRIER TACO RIFLE MOLLE MOUNT - High Speed Gear RIFLE TACO MOLLE MULTICAM

[Shooting Accessories](#) > [Range Gear](#) > [Magazine Storage Pouches](#)

High Speed Gear's TACO Rifle Molle mounted magazine carrier uses injection molded polymer sides, Cordura™ front and back, and shock cord lacing to lock just about any rifle magazine into place. USGI, HK, PMAG, ARC, FAL, AK 30/ 40, LR20 and M14 magazines are all held securely and deployed easily and silently on demand. The TACO® Rifle magazine carrier even works for certain radios, flash bangs and smoke grenades and provides this versatility while taking up only 3" horizontal inches on your mounting platform. The pouch maintains a positive, adjustable grip on its contents without additional securing systems. However, if additional retention is desired webbing tabs are sewn in on the top for use of "over the top" bungee retainers and loop Velcro is sewn on the interior if the users wishes to use adhesive hook on the magazine.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Do not overload the carrier beyond its intended capacity.
  - Ensure that all magazines or items are securely placed in the carrier before moving.
  - Avoid exposing the carrier to extreme temperatures or harsh chemicals that may degrade materials.
- **Avoiding Hazards:**
  - Always check the condition of the carrier before each use. If there are any signs of wear or damage, discontinue use immediately.
  - Use the adjustable grip features to ensure items are secured properly.
  - If using bungee retainers, ensure they are attached correctly to avoid accidental release of items.

## Instructions for Installation and Usage

- **Installation:**
  - Ensure the mounting platform is clean and dry before installation.
  - Position the TACO Rifle Molle Mount on the desired location on your mounting platform.
  - Secure the carrier using the Molle webbing system, ensuring that it is tightly attached.
- **Usage:**
  - Load magazines or other items into the carrier by sliding them into the pouch.
  - Adjust the shock cord lacing as necessary to ensure a snug fit for the items.

- For additional retention, consider using the "over the top" bungee retainers.
- Always ensure that the carrier is properly secured before moving or engaging in activities.

## **Disposal Instructions**

- **Disposal:**

- When the product reaches the end of its life cycle, dispose of it responsibly.
- Check local regulations for proper disposal methods of polymer and fabric materials.
- Do not dispose of in regular household waste if local regulations require special handling of such materials.
